## BRIEF PERSONAL NOTES

Mr. Walters and family are camping in the Big Bear for a few weeks.

Miss Lemore Cravens of Los Angeles spent the week end with friends.

Chas. Gierda and family left Friday for an extra trip to San Francisco.

Mr. Bales is cutting his large acreage of alfalfa near the reservoir.

Mrs. F. A. Orison and daughter are visiting at Venice spending a few days.

Mr. West is back at the store after spending three weeks in bed with poison oak and scarlina.

Mr. Harold Sims, engineer and fireman on the Santa Fe Coast Line, has just bought a new Chevrolet.

Mrs. W. B. Hyden and daughter Lucy went on the excursion from here to Manhattan Beach on Friday.

Walter Hall and family of Van Nuys spent Sunday with Mr. and Mrs. Owens and family.

Mr. and Mrs. Hancock and son Lowell have returned from a weeks vacation at Big Bear.

Mr. and Mrs. V. W. Berry of Los Angeles were visitors in Owensmouth Sunday.

Sam Daskin of Los Angeles caught the limit of bass in Chatsworth Reservoir on Saturday afternoon.

Miss Lemore Cravens spent the week end with friends and relatives in Owensmouth.

Miss Hattie Luce is at Elsinore Hot Springs spending a few days with friends from Los Angeles.

Mrs. Joe Walker and daughters spent Monday with Mt. Tom Valerio, and mother at Calabasas.

Mr. Will Owens who has been employed at the Pacific Lumber Company is suffering with a lame leg.

F. A. Orison and son Raymond left Sunday for a hunting and fishing trip in the Ventura Mountains.

Mr. Arch Cravens is busy on the market selling melons, fruit and vegetables.

Mr. B. Sproble has built a garage on his five acres on Owensmouth avenue.

Mrs. Neale of North Topanga avenue spent a few days in Los Angeles this week visiting friends.

Mr. and Mrs. Lucy have gone on a months vacation and will visit friends in San Dimas and Monrovia.

Howard Cravens is staying with Dr. Elliott of Los Angeles, where he is receiving Osteopathic treatments.

Mr. and Mrs. Waring are spending two weeks in Berkeley, where Frank will attend school again this year.

Mr. and Mrs. O. C. Schaeffer and their guests from Chicago visited Catalina Island one day last week.

Arthur Hendee of Santa Ana, formerly of Van Nuys, is spending a fresh coat of paint.

Mrs. Mattie McConnell, mother of Mrs. F. L. Cary, has returned to her home in Los Angeles after a visit here.

Beginning September 3 Masses will be at seven o'clock and nine o'clock at the Catholic Church on Birnam Way.

Miss Velva Treeler entertained ten little girls at her home on Birnam Way Saturday afternoon in honor of her daughter. Lots of fun playing games and music. Light refreshments were served including a large birthday cake.

Mr. and Mrs. George West and Mr. and Mrs. W. B. Hyden spent Sunday at the Pacific Palisades, Santa Monica, at the Methodist Camp Meeting.

Mr. and Mrs. H. W. Hoagland and family and Henry McClintock of Hollywood spent the weekend with Mr. and Mrs. A. C. Treeler and family.

Mr. A. McDonald of Glendale visited many homes, Thursday, inviting the tenants to attend the Manhattan Beach excursion.

Armour and Harold Treeler report they are enjoying camping, hunting and fishing trips in Kern River near Fresno.

Mr. and Mrs. George Thomason entertained as house guests Thursday night, Mr. and Mrs. Harry Hoffman of Redlands.

Victoria Robles of Santa Barbara returned home Tuesday after a weeks visit with her uncle Joe Ayrde and family.

Mr. and Mrs. L. J. Tindall of Queen growth and Mr. and Mrs. Ed Tindall of Van Nuys spent Sunday with friends at Ocean Park.

Paul McKaughan is installing a modern concrete irrigation system in the Jepson ranch, being one of the biggest ranches in Owensmouth.

Mr. and Mrs. H. R. Bristol's many friends will join in congratulations to them in the sad loss of their son Lamont, who died last week after a long illness. He leaves a wife and son.

Mr. and Mrs. W. Hendee and accompanied by their son Allen, Glen Hyden and Mr. T. M. Velasquez motored to Carpenteria last week end to stay with their father Mr. Webster.

On Sunday, August 13, L. J. Tindall and family attended a Tindall family reunion at Brookside Park, Pasadena; most large were present, showing all being residents of Southern California.

Leslie M. Booker of the Union Oil Company, who has been in the Orient for nearly a year, on a reportorial tour, and Stewart L. Vaughan of Van Nuys is delivering goods for his absence.

The dance was well attended on Saturday evening and the music was enjoyed by many who did not join in the dance. Those who joined in dances are becoming very popular.

Lawrence Beckstead and Elmer Hyden left for San Francisco August 15 in the "Harvard" to spend two vacation with relatives and friends. A telegram received last Saturday announced their safe arrival after a pleasant trip.

Al Rehkop who left here June 1, arrived back from Illinois on Friday last. He was back East visiting his parents and friends. He says he did not in the meantime see any place was very hot to be thinks California right hard to beat.

Mr. and Mrs. Carson Clear, Mr. and Mrs. Frank Clear and their children, Mr. and Mrs. J. Witham and Mrs. Thomas of Alhambra, Mr. and Mrs. H. W. Hoagland and family and Mrs. J. McClintock, motored to enjoyed a picnic luncheon under the cool shade of the willows at the Tujunga Wash.

All the community church activities are centered in the large hall which will take place on Sunday, September 10 at 11 o'clock. The use of the general services—one in which the whole community worship together—will be more suitable as plans now will participate in the services, and the sermon will be given by Gaston.

Mr. and Mrs. James Gunn and daughter Ruth, Mr. and Mrs. Ross Hyden, Mr. and Mrs. Clifford Hyden, Mr. and Mrs. Ed Hyden, Mr. and Mrs. Ed Treeler of Hollywood and the Treeler family, enjoyed a picnic supper at the Chatsworth reservoir, Saturday evening. The food was bountiful, the view of the party and fried fish was the principal joke of the season.

Wayne Davis in a desire to try out his new Spring Lumber Wagon on Friday Mrs. Bessie Hyden or Arrowhead Lake Mountain Resort, Mr. Davis and Mrs. Hyden. One of the pleasant features was a very pice minor boat ride around the lake. Mrs. Hyden says that some fine fish were being caught, but Wayne was so busy that he did not get fish. They stayed as guests of a certain friend from Hollywood.

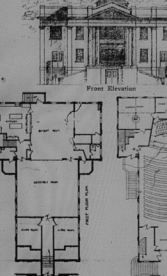
## PLANS FOR NEW OWENSMOUTH COMMUNITY CHURCH

Work on the new Community of accompanies slides at the High School next week. The plan School next Sunday evening at eight will be explained in detail by the on o'clock. The public is cordially invited.



## BARGAIN DAY AUGUST 30TH

Bargain Day will be with us again on Wednesday, August 30th and it will pay our readers to look over the advertisements in this issue carefully and see what special bargains are offered by the enterprising merchants of Owensmouth. It may truly be said that last Bargain Day was the most successful Bargain Day the town has ever had. Owensmouth has never seen such a large crowd as attended last Bargain Day, and they came and stayed. Men who were present in the crowd will turn out next Wednesday. An unusual and attractive program is to be provided on the open air dance floor, including the special Black and Tan Orchestra and variety of entertainment. Come and make a side of home and help your town out.

**OWENSMOUTH PLANTS TO PACIFIC INDUSTRIAL EXPOSITION**

Further assurance of the success of the Pacific Industrial Exposition to be held in San Francisco, October 7 to 21, inclusive, is the announcement by the Southern Pacific Company that special excursion rates will be made from all points on its lines. The reduced rates consist of one and one half fare for the round trip.

Tickets will be on sale October 2 to 7, inclusive, good for return on or before 10 days from date of purchase.

**OWENSMOUTH GIRL SCOUTS**

The Wild Rose Troop of the Girl Scouts held a meeting last Saturday morning at the home of Mrs. H. Treeler, when the following officers were elected: President, Isabel Orison; Stella May Carlson, Ellen Owens, Lucy Treeler, Ella Mae Hyden, Flora Peake, Elsie Dancey, Bernice Carlson. Per Scout Ella May Thompson.

## DRAINAGE MEETING 8 P. M. TOMORROW

TO BE HELD IN GRAMMAR SCHOOL AUDITORIUM

A meeting will be held tomorrow evening, Dr. Gendron informed that on Mr. Hy Mitchell has been called away on emergency work at the expenditure the meeting would be postponed until Friday night at eight o'clock in the Grammar School. A right of way committee was formed to secure the necessary right of way for the drainage system. It was stated that everyone outside this committee should help in every way possible to make their work easier. There was a large attendance of property owners and much interest and business was commenced on at the meeting. It was a disgrace to Owensmouth. Wake up Owensmouth and help yourselves. There are lots of us in does not offer as precious, but what about the other fellow? Let us be broad minded thought the water level will rise and we will find that it will cost much more to drain the land than it will Mulholland to back up us. Come out to your drainage meeting tomorrow and show that you do want to back up your drainage committee in their efforts and your interest. If it does not affect you directly it will affect you indirectly.

## SUB STATION TO OPEN AUGUST 28, 1922

The Standard Oil Company's new Owensmouth Substation which has been under construction for several months, will be opened for business August 28th, according to an announcement made by Mr. J. H. Hamilton, District Sales Manager for the Company.

The new plant embodies the most up to date ideas in service station construction, is designed to meet the requirements of cities of much larger size than Owensmouth, and will be recognized as a valuable addition to the business properties of this city.

The new plant covers approximately one acre of ground, and has a fine concrete and ground office, waiting house, garages and storage facilities complete, with spur track to the Southern Pacific Railway.

Mr. G. B. Sheppard has been appointed as the station manager. Mr. Sheppard, who is a native Californian, and has achieved a complete personnel, including a number of employes formerly attached to the Company's Van Nuys Substation, under which division Owensmouth has been placed for control, and who are familiar with the territory and the requirements of Owensmouth's trade.

During the past few years sales of the Standard Oil Company's petroleum products, including Red Crown Gasoline, Polarine and Crown Motor Oil, etc., have increased very rapidly, necessitating the establishment of a substation, which will be equally appreciated by local consumers of these products.

**EXTRA LOCAL TRAIN**

Commencing Sunday, August 20th points on the Van Nuys-Owensmouth-Chatsworth line of Pacific Electric, will receive additional service under a schedule of two trains each way. Leaving Van Nuys at 6:00 a. m. and 6:00 p. m. for Chatsworth, and leaving Chatsworth at 6:40 a. m. and 6:40 p. m. for Van Nuys, stopping at all points.

This additional train is being supplied due to the large patronage the Company has received from the Chatsworth and Owensmouth territory and Sunday excursion fares from points north of Van Nuys points served by the Pacific Electric.

## WANTS TO SELL

One cent per word, with a minimum charge of 25c for first insertion.

# WHY ?

IS THE SKY BLUE

AFTER astronomers and scientists of various kinds had puzzled over this apparently simple question for many hundreds of years, Prof. John Tyndall, a famous scholar of the last century, solved the mystery with the following explanation:

Sunlight is pure white light, made up of rays of the seven primary colors which are seen in the rainbow—red, orange, yellow, green, blue, indigo and violet. The sky, which is really the air which surrounds the earth, is filled with myriads of tiny specks or particles of dust, which are so small in size of the atoms in the rays of sunlight and reflect others—forming the combination which we have come to know as "sky blue". The variations in shade of this blue is due to the fact that the atmosphere is filled with different densities of these dust particles at different times and also to the varying angles at which the sunlight strikes upon them. After a rain, however, the air is washed comparatively clear and the sky then appears at its true blue which we are accustomed to associate with it. If one could penetrate outside the shell of air which surrounds the earth, the "sky," instead of being blue, would appear to be pure white because there would be nothing to impede the direct rays of the white sunlight.

## YOUR HAND

**How to Read Your Characteristics Weaknesses That Make for Success or Failure as Shown in Your Palm.**

"SHALL I TRAVEL?"

SOMETIMES the count of the moon, or lines, bears a large number of horizontal lines in addition to the vertical lines of travel. If these horizontal lines cross the face of the mount and reach the line of fate, the year in undertaking by the subject have been or will be longer and more important than those indicated by the short, heavy, vertical lines on the same mount. But the travels, in this case, may be within the subject's own country and not outside its boundaries.

When the horizontal lines enter the line of fate and travel upward with it, they show voyages that will benefit the subject materially. But when the line of fate, after intersecting these groups or curves downward toward the wrist, the voyage has been or will be unsuccessful. Lines that sound, no matter how short a distance, indicate successful voyages. When one of these horizontal lines crosses another, the voyage will be repeated, for some important reason. If such a line bears a spotted appearance, it indicates that the subject is protected from misfortune.

(Copyright.)

ONE GOOD TURN.

It is Dan Cupid's wish
For a woman to find
If she marries a crish
That her life is a grish.

**Hawk Really Farmer's Friend.**

From early times in the eastern United States country boys, and even sportsmen, have held "hawk shoots" during the autumn flights, making their assistance at places where wind and given way to fatal hand protection. Long waves and shooting a dozen hawks by a relatively large number of sportsmen is in general rather senseless, or worse, for most of our hawks are beneficial birds.—Exchange.

J. F. Peary, for fifty years superintendent of Cypress Mill Secretary at Petaluma, died suddenly at his home. He was a native of Shelby, Canada, and was aged 74 years.

Physicians report Nathan A. Baker, former Knight of the Ku Klux Klan, victim of a complete nervous mental breakdown. Baker may not be able to stand trial before January days.

FRANKLIN D. MATHER
HIS PLATFORM

He stands for all necessary constructive legislation.

He regards the public welfare as paramount to special interests.

He is in favor of the most rigid economy of administration consistent with efficiency.

He is opposed to the "Better America" Federation, which would have the Government of the United States, corporations which would destroy the Property and the Industry and return to the old system of party caucuses and conventions and political bosses.

He is a PROGRESSIVE REPUBLICAN.

He has been a resident of Southern California for thirty-five years.

He will be grateful for your support and if elected will render faithful and efficient service.

PRIMARY ELECTION AUGUST 29, 1922.

Candidates for the Republican nomination for Justice Sheriff.

He has served two terms in the State Legislature as Assemblyman from the 60th District, having served the Republican podgers for years ago, thereby defeating the Democrat, who was the only opposition candidate for the office of Sheriff at the time. Two years later he was nominated without opposition and was elected by an exceptionally large vote.

As a member of the Legislature he introduced the Anti-Lobby Bill, the Workmen's Compensation Amendment, the adoption of the Harris and the Wright Irrigation Acts; for the conservation and development of the resources of the state in the interests of the people; for the great educational program of the Legislature; and for its just and generous provisions for the soldiers and sailors.

He stood firmly for the King Equalization of Taxation Bill against the desperate endeavors of the public utility corporations, aided and abetted by the "Better America Federation," which, under the guise of "Protecting the Public Service," so defined that bill that they might thereby evade their equitable share of taxation.

**The Old Fest Rock—1788.**

The old road between New York and Albany was, for the greater part of the way, but a rough belt through a virgin forest. Occasionally a farmer had cleared a few acres, the lawn of a minor house were open to the sun, the road was varied by the beauty of Hudson and Fishkill, but brief while, or by the precipitous walls of mountains, so thickly wooded that even the wind barely fluttered their nodding depths. . . .—Gertrude Atherton.

The Poet's Business.
The duty of the poet is the unfolding of the universal; it is its purpose and capture those rare specimens of thought that have hitherto escaped our contact; we narrow the crystal-clear mirror of our souls, and, by our poetry, we offer them, "all the sweet flowers of their native beauty, for the admiration, reverence and love of all mankind.

Guardered Our National Flower.
Mexico has adopted the nopal cactus, or prickly pear, as its national flower, and Canada the leaf of the maple, emblematic of its beautiful coloring in the fall. By popular vote the goldenrod has been chosen as the national flower of the United States, though there has been no official adoption.

In Honor of a Dance.
Our biggest spider is the Texas Tarantula; and unless one has especially looked the matter up, says the American Forestry Magazine, few there are that could guess how the spiders name Tarantula ever had had such a name bestowed upon them; least of all would it be suspected that the name was derived from a dance.

THE MILK PAIL TELLS THE STORY
The daily yield of milk proves what kind of feed the cow gets. You cannot fool her. She only knows what she gets. Ask the cow. She knows who gives her the best feed. She knows who gives it to her regularly. Why not try it? Others just as doubtful as you may be are now among our best customers. A trial of our feed made them such. "Sure milk" does the business.

We buy Chickens and Eggs. Also hatching eggs to Los Angeles every Friday at 10:30 a. m. Come in and see us.

later than Tuesday of each week.

## CLEAN UP THE CAMP

Moses taught the children of Israel that all of camping must be left in shape; they would settle down again. Unfortunately, they apparently they forgot that down in the desert dwelling with the very important lesson of how to clean up a camp when you are living to leave it. More than one hundred cattle, horses, and sheep, have been killed in a recent camp fire in the Angeles forest, pieces of meat and bones found were a sort of fine, discarded boxes and more or less litter scattered about. Too frequently rhubarbs and trees have not received an carnival action but they have had. The average camper doesn't mean to be inconsiderate, he doesn't think of the consequences, he just is just thoughtless, that's all. And yes, it would seem that it he would do the right thing and make it more pleasant for the next camper who comes along he would need only step a few steps to the nearest wood and clean up his camp before he moved on down the trail.

## TWO VITAL NEEDS

There are two very important things that go toward making a good, fair and honorable business through and honorable advertising and honorable advertising with the government. There is no use advertising if you haven't the goods, and there is no use having the goods if you don't advertise them. Both are more pleasant for both sides if they are handled by the man who has every and walks for more entertaining and public-spirited persons to bring trade to Town and neither is it by the man who fails to deliver the goods and fails to pay his bills, or to make a cow patter of a cow. Where there is honesty and a desire to do the right thing, and a desire to follow up the advertising by giving good service, the community is sure to grow, and that helps all the people, for a part of every dollar stays in town.

Advertising out of the community is not forever. It never returns. There is no real reason today for the vast amount of money being spent in adjacent cities, where it can never have any permanent benefit to the local development locally, but on the other hand it should be kept at home where it multiply and root to the advantage of everybody.

Again, it is recommended that more shopping be done at home. Frequently chain stores advertisement aggressively and have some interesting message for everyone—read them!

## THE JOLLY OLD FOLKS PICNIC

There are in Southern California a great many people who have been born and raised elsewhere. These people are not old in spirit, and they like to meet for a picnic reunion as well as the younger folks. So if you are over seventy, this is your invitation for yourself and all your friends of your age to attend the annual picnic, and if you are not seventy, you may come if you are seventy years of age.

This, our 11th Annual, will be held in Sycamore Grove Park, Los Angeles, Saturday, September 2, 1922. (Thanksgiving Day, 1922 is not the FIRST Sat. of September.)

It will be a full day picnic, with a basket dinner at noon, and a good program following. Bring your dinner along and leave Coffee with ocean and sugar will be provided free for all. Come early in your cars, and have a happy day with old friends and acquaintances. Don't forget your old fiddle, if you have one, but if you need help to carry your dinner, or to aid you, why, just bring your friend along. Pass the word on to just as many as you can as all roads lead to Rome, and we are not yet old enough to have an exemption, (JUST KIDDING, WE'RE NOT, DAD, IT NOT WASTE IT. Come as early as you can and stay as long as you desire.

# OWENSMOUTH :: PEN POINTS ::

When it is a case of pick or swim, we find we can swim a long way.

When your thirsty you are hatched, don't be satisfied with counting them food fishes.

Experience keeps no school — she teaches her pupils singly.

One of the easiest ways to fail in business is to build a reputation on the things you are going to do.

One way to make a living is to find a job of real work and make commodities with a good pay-roll through the year.

A Spanish-American war hero has been given an awarded a medal. Which proves that our World War heroes may get their bonus if they live long enough.

We've some fairly old citizens in Owensmouth but we doubt if any of them ever saw a bonus cow that was that one man could operate.

You never know how foolish some men can act until they suddenly break like the father thinks.

This may be an awful country, but lots of people read those articles on how to live long.

Most troubles never happen—especially if you get up early and stop them.

Our idea of the wisest woman is the one who won't admit a woman boss or to the house.

If they keep on improving gasoline prices, it may be possible to stay right here and help fight the next war.

The man who says talk is cheap doesn't know what he's talking about the Congressional Record.

Keep smiling. You never get on your feet by standing on your ear.

## LIFTERS AND LEANERS

"There are and always have been two kinds of people in this world," said Director W. A. Jones in addressing the directors' meeting of the Azusa Irrigating Company, "people who have initiative and courage, thrift and initiative and like to do things themselves and rejoice to cooperate with other people who are doing things. The other kind of people are inherently timid and usually lack confidence and thrift. Such people are always looking for some kind of government that promises to take the responsibilities of life from their shoulders and undertake to them for in the productions of the kind of people who undertake and accomplish." Ella Wheeler Wilcox has classified the first class of people as the "Lifters" and describes them in this fashion of poetry:

"The two kinds of people on earth, that I mean
The people who lift, and the people who lean.
Each, wherever they may go, will find, and know,
There is only one lifter for twenty who lean."

"North Dakota has just had an experiment with "Leaners." Twenty-one people complained that the Bank of North Dakota had filled the bank dry on the Lifters' with the Leaners' run the state on the rocks. The $500,000,000 Water and Power Constitutional Amendment is another attempt of the Leaners' to lean on the lifters' with the hope of getting a free ride for three days of 90 because of leaners. Lifters' who shared the way and were followed by the builders of our ever worthy office. Shall we turn California over to the Leaners' on November 7th.

For further information call on C. H. Parsons, Secretary of the Federation of Water Conservation Districts, or see Nathan Newby, Chairman of the Constitutional Bank, Ninth and Main Streets.

## Motion Pictures.

The first motion picture machine was patented in 1897, but practical results from it until 1906, when the chronograph was perfected by Lumier. This was the first machine to project on a screen a picture from a film. Edison improved on the idea in 1906 when he invented the vitascope. These machines provided the models for the improved types in use today.

# COMMUNITY CHURCH AFFAIRS

Last Sunday morning Dr. Henry spoke on Paul's address to the Athenians from the Acts of the Apostles. Paul pointed out to the people that God made every nation of one blood on them and that they did not need to hunt up an unknown God to whom they were ignorant, as whatever God they never had before, using as a text where men come with longing hearts, it is a comfort to feel that God is everywhere and he can satisfy all our longings, as God is all of love, and infinite. Dr. Henry pointed out that it was a presumption for man or world, our world was a tiny speck, and yet we have wars and rumors of wars, with the spirit of destruction and hatred ever present. The Creator made of everything blood. He wants us to be brothers, and the great sermon of Christ was simply that we should be the good and betterment of the world and that he was the final sayings of the "well done thou good and faithful servant."

The subject discussed in the evening was why the church can do no better work for good in the community. Dr. Mr. A. B. Burgess was the leader.

The three things that the church can do were discussed as follows:

"First, show friendliness. This was very forcefully discussed by Mr. Shaughness, who as an exemplification, cited his own experience with authority. Her main emphasis was on the home, and the church, the good Samaritan, and the church is the Master's business. His business can be greatly promoted by the church exercising herself in friendliness.

Second, give attendance to the various enterprises of the church. Each member of the church should support all our vision, our prayers, and our influence.

The Lambert children need a hymn idol dust entitled, "Face to Face." The program prepared was very full and enjoyable.

Dr. Henry will be next Sunday evening will be "Why a church building in the Community."

## S. P. BOOKLET TELLS OF EARLY MISSIONS

"Romance in California" is the name of a new and delightfully illustrated folder just issued by the Southern Pacific Company dealing with the early history of the California missions.

The text of the folder was written by John Stephen McGroarty, author of the "Mission Play." Thousands of these folders are being distributed by Passenger Department of Public Service of Los Angeles.

"They Don't Answer"
When the telephone operator says, "They don't answer," it is after a sincere endeavor to get your party. She cannot compel an answer.
The party called may be unwilling to leave a particular household duty—may be in another part of the home beyond closed doors—may be chatting with a neighbor—may be marketing—may be slow in answering. Strange, but true, calls are sometimes designedly unanswered.
Telephone records show that the great majority of "don't answer" reports come from residence calls. In business, where it is a matter of dollars and cents, it is always the assigned duty of some one to be within sound of the telephone bell.
"They don't answer" is the statement of a situation absolutely beyond the control of the telephone operator.
The Pacific Telephone And Telegraph Company

HERE'S something that experienced car owners have found out about saving tire money—
If you use a good tube you'll get better and longer service from your casings.
That's just one reason why so many motorists around here stick to Hartford Tubes.
They make better riding—better tire mileage.
Hartford Tubes uphold a 25 year reputation.
HARTFORD TIRES and TUBES
VALLEY MERCANTILE CO.
Prices on Hartford Passenger Car Tires and Tubes, effective May 5th, are not subject to war-tax, the war-tax having been included.

## NATIONAL EXHIBIT TO BE SHOWN IN LOS ANGELES

The Fordson Industrial Tractor Show which has been held in the principal cities of the United States early in May, is scheduled for Los Angeles and appearance in the Pacific Coast Pageant of Progress at Exposition Park, Los Angeles, August 26th to September 9th, according to announcement by Allen C. Wright, general Ford, Fordson and Lincoln dealer.

"This Exposition, which is different in its nature and devoted to demonstrating the industrial as well as the agricultural possibilities of the tractor in every line of business exactly fitses of the great Exposition Jam-boree, which is being put on in Los Angeles, Los Angeles was the automobile capital of the immense
