

# DETECTIVE REPORT Government To Take 150 Cars Out of State

**ABOUT 9000 BAGS WILL GO FROM THE VALLEY**

As a means for better things, and a measure of relief to the growers, a movement is taking form whereby the Food Administration Grain Corporation have agreed to purchase 150 cars of California beans which are to be bought from the growers exclusively, and no stock will be taken from dealers, or representatives of dealers. This will afford some degree of relief and possibly lead to future selling.

The order includes the following varieties of beans:  
Large whites ..... \$14 per bushel  
Teparies ..... \$16 per bushel  
Small whites ..... \$14 per bushel  
Blackeyes ..... \$14 per bushel  
Pinks ..... \$14 per bushel  
Cranberries ..... \$14 per bushel  
Tods ..... \$14 per bushel  
Henderson bush ..... \$14 per bushel

Since the Henderson Bush and Teparies are the leading varieties now in valley storage. It does not indicate a heavy volume of business, for it would only include about 2700 bags of the Henderson Bush and 2700 bags of the Teparies, making a total of about 5400 bags.

"This, however, is not discouraging," said Mr. Kelly, of the Market Milling Company. "It will have a tendency to start things moving, and after that conditions must improve."

It is more apparent than ever that the bean market is beginning to whip up. The Vancouver producers' force is busy every day preparing to load with an average of seven to two loads per week.

F. A. Orton, manager of the warehouses, says that his payroll is running close to \$400 per week, and the money is going into Owensmouth houses.

## Girl Buglers to be at Easter Sunrise Concert

New talent of the highest order is now being added to the program for the Easter Sunrise Concert, and it is with pleasure that the committee announces having secured the Davis Sisters, the famous buglers, or world's greatest trumpeters, who have traveled the past year among the training camps in America and overseas and cheering the boys by their sweet flutes and patriotic airs.

The Misses Alberta and Lorena Davis were commissioned by the National War Work Council to make a tour of the camps in America and then proceed to Europe.

Frank M. Kaffer, editor of the Van Nuys News, who is an artist with the camera, will respond again this year to a surmise current talk, and E. T. Lewis, pastor of Owensmouth Community church, will lead the service and lead in responsive reading.

latest shipment to two cars of Henderson Bush to San Francisco.

"It is more than encouraged at the prospect in sight," said Mr. Orton. "I think that the time has almost arrived for seeing some activity."

"The manufacturers are in the field at work, it is certain that some consideration will be shown to the bean man who is tied up with his crops. It is understood that other countries are far in line, and it is certain that some condition will be taken here, but the outcome of a meeting recently of local men who have taken the matter up from a serious standpoint with a view toward relieving the distress of handling heavy burdens on the growers.

With Henderson Bush at 8 1/2 cents and Teparies at 10 1/2 cents, it was presumed that a tax of 2 1/2 cents would be the plan on beans of which it was a fraction of a cent tax.

County Assessor Ed. W. Hopkins has instructed his assessors but to show any valuation upon beans returned to them among personal property, but to report only the amount.

**JUDGE THOMAS TO SPEAK AT SUPPER AND SOCIAL**  
The Men's Sunday Morning Club will give a supper and social next Tuesday evening, March 18th, in the restaurant room of the Bryant hotel. About 125 invitations have been sent out, and the event has promise of being a very elaborate affair.

Judge Thomas of the District Court of Appeal, will be the principal speaker. Mrs. Jessica Hazard, County Demonstrator Agent, has consented to superintend the serving of beans, and other articles incident to the supper. Supper will be served at 6:30 o'clock.

**SEED BEANS FOR SALE**  
Lads Washburn and Fred Lewis want 18 to 20 sacks to the acre without irrigation.  
W. M. DOTT, Tel. 118-32

Amber, of which the Hebrew word is 'cheshbon,' occurs in the Bible only in Ezekiel 1, 427, and vii. 2. It is supposed that this Hebrew word denotes a metal and not the fossil resin called 'amber.'

**Mr. A. B. Burgess, at the State Bank of Owensmouth, can certify all legal papers requiring acknowledgment.**

# BOAT EYE Joseph Iverson Distinguished for Bravery

**FOUGHT IN MANY BATTLES AND RECEIVED WOUNDS**

Practical guidance bestowed upon brave souls at the front was never more kindly manifested to a hero in khaki cloth than was shown to Joseph A. Iverson, overseas, son of Mr. and Mrs. C. J. Iverson, of Clatsworth, Ore. It was declared by the Coast Gazette here with publishes a letter to his brother Carl of February 21st, telling of his thrilling experiences of war and fearful risk of life, in which he says:

"Well, it hasn't been a long time since I have written to you, and a great many things have taken place since last August. Shortly after I wrote we were ordered to the battlefield, and after a week's hard night hiking we pulled in some woods and camped until dark the coming night."

"On the night of the 24th of September our barrage was put over and I was killed into it. I was told that 8000 cannons were firing and it was a terrible sight to see. I don't know how long it lasted, but I don't think I could talk long enough to make the words beside you hear."

"We were in shell fire for 19 days and during that time we were hit and a great many things happened. I was hit in the arm and leg, and my horse was killed. I was also hit in the head and my horse was killed. I was also hit in the head and my horse was killed."

"We were hit in the head and my horse was killed. I was also hit in the head and my horse was killed. I was also hit in the head and my horse was killed."

"We were hit in the head and my horse was killed. I was also hit in the head and my horse was killed. I was also hit in the head and my horse was killed."

"We were hit in the head and my horse was killed. I was also hit in the head and my horse was killed. I was also hit in the head and my horse was killed."

"We were hit in the head and my horse was killed. I was also hit in the head and my horse was killed. I was also hit in the head and my horse was killed."

## VALLEY RANCHERS ASK SPECIAL WATER RATE

That there is relief in sight for the tuberculous was intimated to the growers through the Public Service Commission of Los Angeles, when an appeal was made by Judge Lewis for special water rate for San Fernando valley for a certain limited period, proposed to make this a rate of seven or one cent per cubic foot above the rate of water.

The abundance of rainfall brought hope, for the new special rate is planned so that ranchers may put their ground in condition for spring crops at a minimum cost.

The intention of the board is to make the rate especially applicable in putting lands in shape for seeding immediately, and not for the general irrigation of crops already established, on citrus groves, which are regular water consumers. Objection has been raised by some of the citrus growers, but the board is not sufficiently far-reaching, as they should be entitled to the use of the special rate for the purpose of raising cover crops in their citrus groves.

It is believed it is up for the last of this week.

## IN SOCIAL CIRCLES

Mr. and Mrs. George W. West entertained about 25 of their friends last Thursday night to a rehearsal, which was extended last Friday evening. The significant part of the evening was the presentation of a delicious birthday cake to the pastor, Rev. Mr. Lewis, by the hostess in honor of his birthday.

The business of friends of Mr. Wm. Huston's Sunday-school class, to the number of about 35, were pleasantly entertained last Friday evening at the hospitable home of Mr. and Mrs. H. B. West. The occasion was an evening of social enjoyment, consisting of games and dancing.

As a pleasant memento of his birthday, Rev. T. J. Lewis will look back to next Sabbath's day for his recollection. At the close of his sermon, Rev. Lewis presented to the pastor, Rev. Mr. Lewis, a "home-made" also the generous gift of the business of friends by Mr. Goodall. All had a good time.

As a pleasant memento of his birthday, Rev. T. J. Lewis will look back to next Sabbath's day for his recollection. At the close of his sermon, Rev. Lewis presented to the pastor, Rev. Mr. Lewis, a "home-made" also the generous gift of the business of friends by Mr. Goodall. All had a good time.

# THE MIGHTY LAKE WILL BE MADE THIS SUMMER

**ACQUEDUCT DAM NO. 2 IS THIRTY-FIVE FEET HIGH**

Twenty-eight billion gallons of water impounded at a slight elevation to the northwest of Owensmouth and held behind rolling hills and rocky promontories, will constitute an artificial lake of great, unparalleled number water before the summer is over. Water enough to supply Los Angeles city for 400 days, or many years of irrigation for San Fernando valley.

This mighty volume of delicious spring water is not only a blessing to the city, but it is creating a dream center for writers of romance and fiction because of the scenic beauty developed at the hand of skilled engineers. All around the margin of the lake are collections of shrubbery, trees very beautiful to the eye. The verdure of green, created number water before the summer is over. Water enough to supply Los Angeles city for 400 days, or many years of irrigation for San Fernando valley.

Nearly 100 men, with teams and a train of dump cars run by locomotives, are now working on the dam. The great dam to be known as No. 2, is situated on the crest of a hill. It will bring the dam proper to a height of thirty-five feet, and it is about 1500 feet in length. Practically the dam will reach a height of eighty-five feet, the concrete work has been completed.

Probably within the present month, the dam will be completed. The water level of Los Angeles aqueduct waters, to be impounded for water, will be at an elevation of 855 feet. This season the water will be impounded at an elevation of 855 feet. The dam will give a body of 70,000 acre feet of water, or 2,500,000 gallons.

The dam is to be when the present work is completed will stand 100 feet high, 800 feet above sea level, and the high-water mark will be at an elevation of 855 feet. This season the water will be impounded at an elevation of 855 feet. The dam will give a body of 70,000 acre feet of water, or 2,500,000 gallons.

Second Largest Dam  
Chatsworth dam, when completed, will be the second largest dam in the world. The dam is to be when the present work is completed will stand 100 feet high, 800 feet above sea level, and the high-water mark will be at an elevation of 855 feet. This season the water will be impounded at an elevation of 855 feet. The dam will give a body of 70,000 acre feet of water, or 2,500,000 gallons.

Prof. Monroe of the high school is in charge of a letter to the Board of Trustees of Madonna Owensmouth High School, and a Japanese postoffice as "Master of the Post Office."

It is becoming better known that the mail carrier, who is not yet receiving the rural carrier, is a professional letter carrier. To those who have a box their mail to deliver, it is well to call on the carrier, who will have a list of names and addresses of the carriers.

## OUR BOYS IN KHAKI

The soldier boys in this vicinity are served to keep up their appearance. While in the service the boys are not permitted to wear civilian clothes from the salary, but now being discharged they must pay it themselves.

RED CROSS DOINGS  
The Red Cross Auxiliary has taken a new number of new soldiers, and are providing work for the boys. The appointment of quota for the boys is being made, and already there are a few boys in uniform.

What Kind of a Hoax is This, Anyway?  
From the financial chambers of Los Angeles comes a stingy rebuke over the claim that shabby repairs to the \$4000 in not accounted for along Sherman Way. In other words it is nothing. What sort of a hoax can this be?

The missing shrubbery along Sherman Way is now being looked for. The thousands which have died for lack of care by the city. Not many years ago the city made the property of the shrubbery along Sherman Way, and already there are a few boys in uniform.

**EDITORIAL COMMENT**

The Income Tax drive comes to a close on Saturday night, March 15. All payments and returns rise as that date under the provisions of the new Revenue Law must be in the hands of local Internal Revenue Collectors before their offices close that night.

The Income Tax is being collected to the tune of \$5,000,000,000 a year. The man who abused and taxed his born on America Day is now called upon to contribute his share of the cost of winning the war.

The legazards and the dodgers will face severe fines and jail sentences. The Internal Revenue Bureau knows that its officers will check us all up to see that every person who is within the scope of the Income Tax law did his share.

**Where to Pay and File.**

Residents of California are required to make their returns and pay their taxes to Justice Wardell, San Francisco, or to John F. Carter, Los Angeles, Collectors of Internal Revenue, who are now doing free advisory work on Income Tax.  
 Payments sent by mail should be accompanied by the return and also in the form of check, money order or draft. Cash payments by mail are sent at the taxpayer's risk of loss. If you are unable to make your return personally because of illness, absence or incapacity, an agent or legal representative may make your return. If there are any doubtful points as to your items of income or allowable deductions, you should get in touch at once with a Revenue officer or a banker for advice.

**Women Pay Tax.**

Women are subject to all the requirements of the Income Tax. Whether single or married, a woman's income from all sources must be considered. An unmarried, or if living separately from her husband, she must make her return for 1918 if her net income was \$1,000 or over.

If married and living with her husband her income must be considered along with the husband's in determining the liability for a return. Their joint income less the credits allowed by law is subject to normal tax. The wife's net income is considered separately in computing any surtax that may be due.

Husband and wife jointly, as a unit. If the husband does not include his wife's income in his return, the wife must file a separate return.

**Severe Penalties.**

The new Revenue Law places severe penalties on a person who fails to make return on time, refuses to make return or renders a fraudulent return, or fails to make returns and pay tax on time a fine of not more than \$1,000 and 25 per cent of the amount due is added to the assessment.

For refusing wilfully to make return, or for making a false or fraudulent return there is a fine of not exceeding \$500 and imprisonment, or not exceeding one year, or both.

**Fairness in Income Taxable.**

Every farmer and ranchman who had a fair or good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from gross income all normal expenses incurred in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for sale or for breeding purposes, is also regarded as investment.

**Over-time and Bonus Taxed.**

Bakery and wage earners must consider as taxable every item received from employers and from other sources. Bonus and overtime pay are to be reported, as well as the regular payments.

**Allowances for Losses.**

Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction that takes for profit, or arising from fire, storm, shipwreck or other casualty, or from theft.

Literature is the greatest of all aids and certainly it is of all arts the most inspiring, serving at once as tutor, guide and friend.

The government is having about as much trouble getting rid of the army as it is in drafting it.

Don't worry. Tomorrow will not be today till tomorrow, and then today will be yesterday.

Quota is one per cent inspiration and ninety-nine per cent perspiration.

Small kindnesses, small kindnesses, small considerations habitually paid in our social life give a greater charm to the character than the display of great talents and accomplishments.

**THE OFFICE CAT**

Who might better be looking at a few fleas in this life for doing the right thing, than have all the devil's lack at us through all eternity for doing the wrong thing.

Congressional garden seats are distributed for the purpose of raising votes.

Mido tale is the work of a busy tongue.

**SIX YEARS AGO TODAY**

(Items Republished from The Gazette.)  
 John Hiza has just completed his five residence garden seats in Northampton.

C. F. Hais has over 200 hops, out of which only one was condemned by the state inspection.

Work is going ahead on the Pacific Electric road bed on the San Fernando-Van Nuys division.

The American Beet Sugar Company is preparing to begin work weeding and thinning in the best fields.

Next Friday night Owensmouth will hold its first local school election for the purpose of putting three trustees in office.

Landlord Kaufman of the Chain-Wood Hotel is obliged to turn away guests so great has been the rush this week.

The Hammond Lumber Company has just sold a large bill of lumber for the Jack Japan residence on the San Sherman Way near Marian.

C. B. Sawant's fine residence estate here on Sherman Way is completed and now he is doing some extensive tree planting on his place prior to the coming of the spring.

Re M. E. Whittier of Los Angeles and Miss Mary S. Joyner of Phoenix, Arizona, are the new tenants of the Alexandria Hotel, built on their honeymoon in the north.

Teddy Teal and Barney Oldfield were in Owensmouth last week on the odd job of the road race to be held this 28th. Both have entered the race and will be a conspicuous figure with the 28th.

There has been a heavy shipment of lumber to the Southern Pacific warehouses the past two weeks. There were about twenty car loads sent out last week and about the same amount for this week. The heaviest shippers were M. Nash, Mr. Trexler, Mr. Straubinger and Peter Cole, all from Alhambra, and have brought in a total of \$14 per ton according to quality.

**BRIEF REMINISCENCE**

The laying of the big trunk line of the aqueduct across San Fernando Valley some twenty years ago across Owens river with Los Angeles water in the greatest volume to the south of Southern California at the time.

Heavy steel pipes, twelve feet in diameter, six feet long were unloaded at Hewitt station, below the dam a few miles to be lowered into the monster ditch to cut through the mountainside where it was installed and of hard work and considerable risk of life. The men had to be experts with derricks of Herculean construction, the work might go forward with great interruption.

The distance across the valley was about a few miles, to be lowered and connected the San Fernando reservoir by a healthful canyon tunnel. The contract for this work averaged nearly \$50,000.

**ADAPTED TO MODERN NEEDS**

Resisting Proof That Feet of Women Have Developed With Enlargement of Their Work.

The different sizes chosen for the standard shoes for women did not appear to include size one, which remarks an interesting point, notes the Manchester (Eng.) Guardian. Some little time ago an ordinary shop in a country town showed in its window a woman's shoe of ancient date. It was made of a gray-blue broadcloth and had a large woman's foot, with a heel with a buckle. The heel was very high, made of wood and covered with red leather. It was quite a beautiful shoe, and might have belonged to a lady of Marie Antoinette's time, or even have trodden dates in the time of our Merry Monarch. But it was so extraordinarily small that it fit on a woman's foot to which it belonged, so women would have to get it made to order.

That month happened to see it was fascinated by its appearance, and asked if she might try it on. One who was normal size foot of that age, had no room for it. The shoe, and her woman's hands, feet and wrists, however they have to do with it.

**FOR REPAIRING**

Take your shoes and harness to the Electric Shoe Hospital.

**OUR TON**

SAVS

"Never be guilty of running down the town where you live. You better use your brain looking up a job which you can do that is good, and last but not least, take in Owensmouth. The boss is trying to get The Gazette into every line in this upper valley, and this is the best boost you can give your town; at least these are my sentiments."

"If W. Allen, the busy plumber, has been getting a lot of artistic office work, the boss does the printing. Good printing helps every time. You get the moral!"

"I have'n't thought that net yet that got into the flour paste, but I don't mind waiting, if it is true; for the best way anything in Owensmouth is worth waiting for."

"The Government needs the money at once!

You get 4 per cent interest, compounded quarterly. For further particulars inquire at this bank or the Postoffice.

AMONG OUR EXCHANGES

Newhall Signal: J. A. Johnson of Happy Valley recently trapped a mountain lion on the LaBelle ranch that measured 7 feet from tip of tail to tip of ear, and a good beauty on mountain lions. Mr. Johnson, who is an expert trapper, expects to catch several more of the varmints.

Van Nuys News: In a heroic effort to save the life of little Baby James, who was so terribly burned several weeks ago, scores of Van Nuys news boys, boys and girls volunteered their services for the purpose of going on the burned parts of the child's leg and body.

Editor Edwin H. Brown, who recently established the Newhall Signal, reflects his bustling qualities as a good newspaperman in his last issue, which came to our desk last week for a season of pride for such a valuable asset to the town. The Signal shows great promise.

Lankershim Leagues: Lankershim has been a quarter of a century and never has the future for that industry been as gloriously bright. Lankershim Leagues: Lankershim has been a quarter of a century and never has the future for that industry been as gloriously bright.

Zelah Tribune: Ranchers, and especially those who are raising apricots, at their wits end how best to comb the insect. One rancher, who has five acres in "cotton fruiters." The Tribune says that his orchard has been completely stricken by the insects, and he is willing to let the insects, and says he is willing to let the insects, and says he is willing to let the insects.
