SUBSCRIPTION RATES IN ADVANCE One Year \$1.00 Six months \$0.75 Two months \$0.25 Single copy \$0.05 Canada and other foreign countries \$2.00 per year (Mailed to any address at above rates)

When ordering, address of copy should be changed, always give distinctly the name of the paper. The paper is not classified regularly, notify if you do not forget to make the date of your ad in time. Watch the date when your time expires.

Advertisements communications, news letters and articles intended for publication. All such should be addressed to the editor, and not taken to the office not later than 10 o'clock morning. Items of local interest gladly received. We urge writers to keep this in mind. That we will pay and co-operate whenever you can, for the good of Owensmouth as well as the newspaper.

Advertising Rates Made Known on Application.

The Gazette will be a clean, lively and up to date paper. It will be an independent newspaper, free from business and religious bias. It will be a paper of the people, and will be published for the benefit of the people of Owensmouth and the surrounding territory, and will be every interest for universal good betterment.

The Gazette believes in a World Democracy—the emancipation of the colored race, and the substitution of the law and order in place of the rule of the sword.

The Government of the People, by the People and for the People.

Owing to the big drop in the price of potash from \$5.00 to \$3.75, with indications that it will take further tumbles, the several small lots that have been extracted, have closed down. Experiments are now being made as to the standard sugar factory on a process of making potash as a by-product of sugar beets.

There is something fiercer than do right against inclination, and that is to have an inclination to do right. There is something nobler than reluctant obedience, and that is joyful obedience.

Canada will be dry after April 30. This clears the continent as far as the North Pole. About the only thing that a man with a chronic thirst can do will be to join Villa.

Profanity is ungentlemanly. It belongs to the slums, and is outlawed by good society. It is publicly saying to all who hear: "I am no gentleman."

Industry and patience are the surest means of plenty. A good name will not come without being sought. The path of duty is the way to glory.

SIX YEARS AGO TODAY

(Items Regulated from the Gazette.) The State Highway will be completed to Echo ranch in a few weeks.

John Hask has moved from Calabrese into his new home, just completed, on Workman avenue.

O. J. Wigdal, who has just completed a fine residence on Sherman Way, east of Owensmouth, has beautified the front with large cobbles stone pillars.

A freight train pulled in Monday over the Southern Pacific railway with thirty-five cars. This is not the heaviest, but the freight department is working overtime checking up.

One of the most brilliant and charming weddings of the season was solemnized Tuesday evening in the home of Mr. and Mrs. Simon Maier of Los Angeles, when their youngest daughter, Miss Louise, became the happy bride of Mr. Alfred T. Grant, eldest son of Mr. and Mrs. O. P. Grant. Father Joseph Ulans of St. Vincent's had the service in the presence of relatives and a few intimate friends.

BRIEF REMINISCENCE

The idea of an upper valley town was a happy idea of H. J. Whittier, who at the time of establishing his limits was an ardent worker for the people. There was a slogan that became well known that summer which was, "Owensmouth, the valley that had to be," and it was well adopted by all. Owensmouth is a ranch town, headquarters for a great multitude of wealthy growers, who endeavor to live the farmer at home. The charm of the surroundings about the town never changed, and has been an incentive to call good citizens to the valley every year since the town was well started.

EDITORIAL COMMENT

American farmers are in a better financial shape than they have been for years, according to a recent report of the Federal Reserve Board at Washington, which also predicts a smooth transition of agriculture and industry from a war to a peace basis. The board's review of economic conditions throughout the country is based on detailed reports made to it by the department of the twelve federal reserve banks.

The farmer is said to be in the best financial shape for many years, the review says. "In the South he has raised his cotton for better prices and is marketing his output conservatively."

Excellent crop prospects are reported from the wheat states of the West and from California. On the Pacific Coast the prospects for excellent crops are exceedingly bright.

Interesting News Letters Received from Different Gazette Correspondents

MARIAN

J. B. Baker and family spent Sunday at Venice.

Mr. E. H. Harris spent the week end at Monte.

A good many from Marian attended the auto races at Arcot last Sunday.

Hale is doing tractor work for the Los Angeles Creamery Co. at Mission Area.

McVain, Ralph and Clifton Gannon returned home from Bakersfield, Victoria and Fresno.

The Marine Milling Company is making several carload shipments of teary beans this week, and the mill here will be getting stronger.

George Wells and son, Jack, of Marian, have purchased a Sandusky tractor, and report that they think "dandy," and that they are very much pleased.

Mr. and Mrs. Fred Orton and Isabel and Mr. and Mrs. Wm. McGeoch had a very pleasant ride Friday afternoon through Cold Creek canyon.

R. Tio, V. T. Ross and C. A. Mentry are putting in alfalfa. It is reported that there are 7000 acres of this year in the Ferando valley, and fully 5000 acres will be sown this spring. Let the good work go on.

CHATHAM

Anna M Graves... Mrs. D. C. Mattson spent Monday at a visit to Los Angeles.

Andrew Joushik and J. Hesketh are assisting P. A. Orves in his "round-up," this week.

Mr. and Mrs. Roy Tucker and the late Mrs. Tucker, Mr. and Mrs. Schwed, had motored up the coast on Sunday.

Mr. and Mrs. Norman C. Boardman of Los Angeles, were guests of the latter's parents, Mr. and Mrs. Elton Proctor, on Sunday.

On Tuesday night several people attended the stereopticon pictures shown at Chatham. The subject of these pictures was, "Home Missions."

The influenza has made its appearance at Chatham again. Those who now have it are Mr. Kellie (deputy agent), his wife, and two children.

They are reported as getting along nicely.

Harold P. Johnson, who has been in California, has now returned home, although to our surprise, he has returned home. He says "California is all right, and I like it, but she ain't quite suit me."

Mr. Thomas and family have been very busy the last few days planting their ranch to muskatoons. They are putting in about nine acres. They thought after a day's work they feel like they had put in about nine in one day.

A farewell party was given to W. W. Johnson at his home on Friday night. After a good time, baking waffles, the small crowd went into the house to present the rest of the evening. Those present were Misses Edith McDonald of Owensmouth; Mervie Elliott, Anna Graves, Mrs. Margarette Fryer, Mrs. E. R. Graves; Messrs. Earl Haas of Chatham; Albert Taylor and Paul Clements; De Witt Matson, Melvin Wilkie, Morrell and W. W. Johnson.

CORNELL

Noah How and his family again at his ranch in Loby Canyon.

Mrs. Fremlin and baby, Arthur, are visiting friends in Los Angeles.

A large contingent of guests reached Cornell this week. This district seems to be an ideal locality for ranching and milling.

Another club is negotiating for a lease or purchase of the French ranch and the warm sulphur water spring which is being developed.

A strong protest is being prepared by residents of Calabasas protesting against the eminent domain proceeding against the incumbent, Constable George M. Carter. It is thought that the protest should be a no political, non-party matter.

Mr. Gatto was elected by the popular vote. Our people feel that there are those "back" here to "grind" in the inefficient and persistent efforts now being made to discredit an efficient officer and good citizen. Who is the candidate that is to be "run" upon? "There is a "tiger in the woodpile" and all friends of good government and civil service should write or express their opinion upon a matter which is vital to their safety.

Flaga in England

The early inhabitants of England, like those of other countries, used emblematic devices of one kind or another. That of the Saxons was a white horse. The introduction of flags into England is ascribed to St. Augustine, the missionary, and his followers, who, after the conversion of King Ethelbert, entered Canterbury in procession, chanting and bearing small banners.

HOME NEWS IN OWENSMOUTH

Social and Industrial Life in Owenmouth and the Upper Valley

Special strip codfish at Condon's grocery.

Good printing, like a clean shirt, provides for the user.

A fine new lot of dry goods just received at J. C. Condon's store.

Get ready to turn your clock about one day tomorrow night. That is the order of California people.

Mart Carter is brightening up his corner of Sherman Way with a fine lot of California produce.

Every item of personal or local interest will be gratefully received at this office, by phone, letter or in person.

Adam Benman has set out a number of ornamental shade trees, and is now sending his lawn to a mixture of grass and clover.

The State Board of Health sends out warnings to guard against a second epidemic of flu. In some localities the malady has become chronic.

Mrs. George Crivena is a constant worker among her flowers and in her garden, and her industry is well rewarded with good crops.

Miss Elizabeth Gardner, principal in the grammar school, is confined to her home in South Pasadena by illness. Miss Ward of Los Angeles is substituting.

The golden splendor of the poppy fields still admired by the masses of public, and hundreds are gathered daily to see a little collection of the same, and the clowders for decorating use.

Don't fail to visit the Mission Play at San Gabriel before it ends. It is better than ever and will give you the best information of the early settlement of California obtainable.

San Fernando valley continues to add to its excellent real estate rentals. Newcomers are settling all around here, and it is the merit of the soil that is drawing so many to our doors.

Owing to the Sunday school picnic, which is to be held tomorrow, the Pacific Electric Railway, has held up its home bade sale will be held Friday (today) instead, but at the same time Prof. Baker's market will have you purchase all your needs for the week at the same low price. Good lots in mind and make your purchases accordingly.

We feel that Owenmouth, as well as the Pacific Electric Railway, has a good booster in Ford Foreman Robinson. Comfortable traffic depends upon ballastments and shipping facilities depend upon a consistent supply. If we have not the latter, he is making a strong appeal for it, and this will bring it to us.

Mr. W. Dayton has planted a grove of fifty big trees, as he considers this the most desirable in best culture he has seen. He has the best varieties of blue travel as far as ten miles from the city and says that they are more a minute at the rate of a mile a minute.

The old racial divisions of the palms along Sherman Way are falling to the ground in a lively manner, as the pruning system goes forward. The damage is so sudden and handsome that everybody is talking about it. The trees are not so far from the parking which they were before many weeks. Foreman Robinson is now looking like the King of the Highway.

Mrs. W. D. Hyden received a telegram last Monday morning announcing the sudden death of her sister, Mrs. Yerna Hurley, of Astoria, Ore. The message was brief, stating no particulars, only that she passed away peacefully. She was about forty years of age, and leaves a husband. Mrs. Hyden did not go back to attend the funeral.

The Union Branch Mission of Los Angeles will celebrate "Mission Week" March 28th, in the Temple Auditorium, Fifty and Olive streets, beginning at 2 p. m. Mrs. M. Trotter and his celebrated quartet will be the big feature of the large entertainment of the United States in the past few months. This meeting is for one week. All seats free.

One of our local ranches mailed 55 letters here one day this week. It is interesting to say that the postmaster's receipts are nearly all on the circulation of letters, periodicals and packages. If you want to boom the postoffice, you can at least mail all the letters, etc., you can at home. Stamp sales count absolutely nothing to you unless you get them all cancelled by us.

GEORGE PERSHING GENERAL INVESTMENT CORPORATION

Post Exchanges Overseas Taken Over by the Military Authorities

Asserting that the valuable aid rendered by the war service of the Y. M. C. A. had been a large factor in the great accomplishment of the American army, General Pershing, in charge of associations operating in the American Expeditionary Forces, gave a splendid tribute to the work which this agency accomplished under extreme difficulties and handicaps. "The Y. M. C. A. served the army better than could have been expected," says General Pershing.

General Pershing received the American Y. M. C. A. has been relieved from maintaining post exchanges with the Expeditionary Forces overseas. The need for such service having been relieved with the signing of the armistice. Correspondence exchanged between General Pershing and E. C. Carter, in charge of the Y. M. C. A. with the army, resulted in this decision. Carter wrote to General Pershing January 29, 1919:

Dear General Pershing: I have just read a half page you requested the Y. M. C. A. to undertake operations for post exchanges between the American Expeditionary Forces in order that "officers and enlisted men may not be taken into custody for that purpose. Mr. Carter's earnest military functions of the Y. M. C. A. increased responsibilities in the American Expeditionary Forces. This is placing a rapidly increasing burden upon our people. I have the honor to have been deputized for the delivery of all supplies for post exchanges which heretofore have been manufactured and delivered by the Y. M. C. A.

In view of the changed situation I wish to know whether you do not think it would be possible for the army at a very early date to assume full responsibility for the maintenance of post exchanges throughout the American Expeditionary Forces. Very cordially yours, (Signed) E. C. CARTER. General Pershing immediately acted upon the suggestion made by Carter and relieved the Y. M. C. A. of its task of maintaining the post exchanges. He said: My Dear Mr. Carter: This is your letter of January 25th asking whether, in view of present changed situation, it would be possible for the army to assume full responsibility for maintenance of post exchanges throughout American Expeditionary Forces. As you correctly state, the Y. M. C. A. undertook the management of post exchanges at my request at a time when it was of such importance that no available soldier should be taken away from vital military functions of training and fighting. As reasons which impeded me at that time to request you to undertake this work longer exist, I am glad to approve your suggestion in reaching the conclusion. Consideration has been given to new burdens in connection with entertainment of athletic activities and education that you have suggested. They have not only given directions that army units themselves take over and operate their own post exchanges. In making this change permit me to thank you for the very valuable service and real me. Much the Y. M. C. A. has rendered to the American Expeditionary Forces in handling these exchanges. Handicapped by shortage of tonnage and lack of transportation facilities, but by extra exertion, served the army better than could have been expected and real me was way that his aid has been a large factor in the final great accomplishment of the American Expeditionary Forces. Very cordially yours, (Signed) JOHN J. PERSHING.

GAZETTE'S CAREFUL NOTE

Little by little the handsome increase of The Gazette subscription list increases. We do not expect them by fifties or dozens at a time, but to say the least, we are happily surprised at the kind response of the public, and will add that the results are far beyond our own expectations. Thank you! Let the good work continue. When The Gazette enlarges in size, you will get more for your money; for we are crowding out news items for wide areas of news. The order for a cylinder printing press is now placed to be installed in the new building on the Snyder block.

HIGH SCHOOL NOTES

The boiler has been repaired and reboiled again, being ready for firing last Monday. Its need was badly felt. The school grounds will be in fine trim by Easter, which will speak well for Owenmouth to the visiting public.

The basket ball team went down to defeat last Saturday with the San Fernando team, by a score of 50 to 15, in favor of San Fernando.

The agricultural class is doing some splendid work in the garden. Mr. Blake is giving close attention to each detail, and it is hoped soon to have a very attractive show place.

Some needed improvements for beautifying the school yard has been planned on this week by the planting of roses. The school grounds will have a handsome effect on the building and all its surroundings.

COMMUNITY CHURCH NOTES

The annual Sunday school picnic will be held tomorrow, Saturday, the 29th, at the canyon back of Mr. Carter's place on the State highway. Those intending to go are requested to meet at 9:15 in front of the Sunday school room. All those having surplus room in their autos will kindly consent to take those who have no way of going. None will be left behind and all are welcome to go. Bring your basket of refreshments for the pleasant day's recreation.

COMMITTEE SEEKS AID FOR DEVIATED FRANCE

Owenmouth's quota is \$93.75 in aid for the relief of devastated France which begins Sunday, March 31st. Prof. Monroe has been made chairman and with this small amount Owenmouth will soon go over the top. This is the only amount reported from our part. We can not be true to America unless we are true to France; that is sure, so let us meet the committee with a million and a gift. France is the battleground of civilization and she must be fortified to defend civilization.

NEWS IN BRIEF

Bath House is improving considerable storage in the townsite by plowing the soil. This work he plowed the areas at the corner of Sherman Way and Owenmouth avenue, bounded by Wyandotte and Jordan avenues.

The rate of taxation on the bean crop now in storage has been fixed by County Assessor E. W. Hopkins, as follows: First, legumy and peas, \$1.00 per hundred; small white, red and black beans, 75 cents per hundred; and big lima, 52 cents per hundred. "From the above," says Hopkins, "the farmers this season to be quite satisfactory."

It is not quite becoming to all of us that we have the best interests of our town at heart, if we leave of cutting things off upward. One-Yes-to-lose the woman-Judge.
