T. M. Miller Company Takes Over Town-site and Adjoining Acreage From H. J. Whitley

The T. M. Miller Company, one of the strongest and best known real estate selling agencies of Los Angeles, last week made an extensive selling contract for the town-site of Owensmouth and large acreage adjoining, with H. J. Whitley, the present owner. The T. M. Miller Company maintains two main offices—one at 215 E. Van Nuys building, Beverly and Spring streets, one at 435 South Hill street, and several branch offices, with a large force of agents with full equipment of telephone books for excursions, lectures, tartraces, etc. They have earned an enviable reputation for energy, fast decision, success and stability.

WE ARE ON THE JOB

The T. M. Miller Company wishes to announce that they have taken over the H. J. Whitley holdings in Owensmouth and adjoining acreage. Our office will be in charge of the Owensmouth and adjoining acreage. We are now ready to receive all inquiries and to make arrangements for a future worthy of the wonderful location and surroundings.

The Owensmouth Syndicate, which previously owned the town-site, was organized in 1911, just before the big real estate boom. It was at that time that the syndicate was organized. It was at that time that the syndicate was organized. It was at that time that the syndicate was organized.

As a part of the selling contract, the Whitley authorized the T. M. Miller Company to acquire all the town-site and adjoining acreage. The Whitley company will be in charge of the Owensmouth and adjoining acreage. We are now ready to receive all inquiries and to make arrangements for a future worthy of the wonderful location and surroundings.

At this point Mr. Whitley stepped in and purchased the Owensmouth Syndicate and all the other remaining assets of the Robinson Home Company. From personal knowledge we know that he did not do this with any idea of making money, but to protect his investment in view—first, to protect the members of the Owensmouth Syndicate from impending financial trouble, had second, to see that Owensmouth town-site was placed in the hands of a man who would insure its receiving the attention, publicity, and financial aid due to its commanding position in the San Fernando valley. He has accomplished the first purpose by purchasing a settlement with the members of the Owensmouth Syndicate, and by a satisfactory to them, but not at all profitable to him. The first purpose being accomplished, he has made the sales contract with T. M. Miller Company which will insure the town-site in the hands of a man who has placed extremely low prices on the property.

As a part of the selling contract, the Whitley authorized the T. M. Miller Company to acquire all the town-site and adjoining acreage. The Whitley company will be in charge of the Owensmouth and adjoining acreage. We are now ready to receive all inquiries and to make arrangements for a future worthy of the wonderful location and surroundings.
