Bean Growers Association Elects Directors for Year

The Owensmouth Bean Growers' Association held its annual meeting at Friday evening, the 19th, and elected directors for the ensuing year. George H. Lee was the chair for the evening. H. L. Henderson, recorded the minutes. A good representative group of local growers attended and the association's live spirit was exhibited in all discussions.

The new directors was an excellent specimen, composed of the following gentlemen representing their respective communities: Frank H. Lee, Chairman; J. W. Miller, M. J. O'Connell, J. T. Johnson, J. W. Ward, George M. Craven and Al J. Kelly. Immediately after finishing position

POST OFFICE CLEANINGS

Postmaster J. M. Gibson, of Van Nuys, has been granted an increase in his salary to \$11,000 with thirty-day advance and office allowance. This comes through the increase of his salary to his former position by the post office. He will receive \$11,000 with Owensmouth to close the regular salary of \$10,000. This means a salary for the postmaster of \$11,000 with Owensmouth. We must go over the top on this account. The postmaster will be eligible for a third class appointment. To increase this receipt every one an increase to his salary will be required. You may possibly see an argument to limit entry on the construction, repairs, registration fees, etc. The sale of stamps amounts to nothing with you, unless you post the letters at Owensmouth.

At a meeting of valley postmasters at Van Nuys last Saturday, a plan was evolved for substituting the first office headquarters at Los Angeles, which was adopted and permitted to give Owensmouth three arrivals each week. This was to be done the morning would mail at 1:35, and the afternoon at 3:15. The mail to be arrived at mail at 1:35, and the afternoon at 3:15. The mail to be arrived at mail at 1:35, and the afternoon at 3:15.

In addition to fresh and stock, Mr. Craig's main crop is in the early stages, and is already arranging for the harvest. He has a large acreage in the valley, and is already arranging for the harvest. He has a large acreage in the valley, and is already arranging for the harvest.

"There are unlimited possibilities in the valley for one who stays in the game," said Mr. Craig. "I have 21 acres in the valley, and I am already arranging for the harvest. He has a large acreage in the valley, and is already arranging for the harvest."

Mr. Craig is a careful student of soil and soil conditions, and is already arranging for the harvest. He has a large acreage in the valley, and is already arranging for the harvest. He has a large acreage in the valley, and is already arranging for the harvest.

Attorney-Farmer Makes Good in the Valley

J. C. Craig of the Craig's ranch made his first crop of beans in the valley. He has a large acreage in the valley, and is already arranging for the harvest. He has a large acreage in the valley, and is already arranging for the harvest.

Bushy Honey Bee is the Rancher's Best Friend

Here has a determination to a community of 100 bushy honey bees. The farmers of the San Fernando Valley are raising bees, the bee is the best friend of the rancher. The farmers of the San Fernando Valley are raising bees, the bee is the best friend of the rancher.

I have been in a number of locations in the valley and have had no complaints about the bees. I have been in a number of locations in the valley and have had no complaints about the bees. I have been in a number of locations in the valley and have had no complaints about the bees.

IS BEST TYPE

Tons of Appriots are Moving to Dryer

The harvesting of apricots and the busy time at the dehydrating plant is now at its peak, and it is gratifying to find that no fruit is required as packing up, although there are many orchards where the trees are loaded, and the lines are leading with fruit. Reports of tremendous yields from the orchards of Owensmouth and Calabasas are being received. The fruit is also plentiful and are getting on an average of 100 to 150 tons per acre. The fruit is not so large as was expected in many localities, but this is accounted for by the lack of a frost. The favor is most delicious and when you get it from your own orchard, it is the best.

The pure brand with all the favorite apricot varieties. The fruit is also plentiful and are getting on an average of 100 to 150 tons per acre. The fruit is not so large as was expected in many localities, but this is accounted for by the lack of a frost.

HOSSES FOR OWENSMOUTH

Activity To Begin on Several Homes

The promise of new buildings for Owensmouth seems to be a fact, and Monday morning this week work was begun on construction for a building on Alhambra street, back of the Hyatt Hotel. The building will be built by the Owensmouth Building Co. and will be the best start Owensmouth ever had for the housing of homes.
