Phenomenal Growth in Great Development Project That Will Bring Millions at Our Door

—Something of the Work

It was the first year on Labor Day that was just now was planted in the new citrus grove owned up by Col. A. J. Shaw, near the town of Owensmouth, and those who have not visited the part of the valley in the past few months will be amazed at what has been accomplished there; big things done in a big way and that promise to make of this one of the great show places of Southern California. H. J. Whitely was so much impressed with what has been done that he recently had panoramic photographs made showing the miles of terraces that have been graded into rows of trees and thousands of trees planted. These photographs, some of them enlarged to a great size in width, are now being in general form to the citizens of the city of Owensmouth, 341 acres originally handed by Col. Shaw, and by him promised to the city of Owensmouth, Dr. G. B. Williams, Woodruff & Johnson and Curran & Zeart.
