DO LICENSING BILLS

Farmers, Stockmen and Merchants Oppose Pack Legislation at Washington.

Representing a diversity of interests in the agricultural industry, farm holders and produce dealers, following a long session in Washington.

From solving in any measure the high cost of living, the proposed legislation will result in the loss of employment for everyone.

We have had government control of railroads and telephones and telegraphs will now be placed under us and we don't want more.

The concern of stockmen and breeders of the kind and kind of stock which will result in dispersing the said industry will be destroyed.

Many business organizations have organized themselves into a National Association, to oppose the principle of licensed business.

THE PACKERS AND REFRIGERATOR CARS

Whether refrigerator cars should be loaded by the railroads or by the packers is a question that has been discussed in the past.

It is established by some that they give the packers who own their own units a better advantage over the packers, who offer an appeal that they only pay the same freight rates as any other.

While not opposing, in principle, railroad ownership of refrigerator cars, the packers maintain that there are several reasons why they should be owned and that the legislation in question makes provision for the fact that the railroads shall furnish their own refrigerator cars.

In these countries poor and common are three parties whose interests are at stake. The packers, the railroads and the public.

NEW SAVINGS CERTIFICATES BABY BONDS

The new Treasury certificates of \$100 and \$500 denominations are the first "baby bonds"...

They are far more convenient, more varied and access profits than any other...

They bear 4 per cent interest, compounded quarterly.

They may be cashed at the option of holding certificates price now increased almost five times market value...

They are authorized in Washington, which prevents loss by fire or theft.

Certificates are issued in both forms each book containing ten certificates.

The \$100 certificate costs the same as 200 ten-cent certificates...

They may be purchased in the following amounts:
