ARMED DAY OF PATRIOTIC EVENT

Reverent Tribute Paid to the Returned Soldiers and Sailors. Stiring Address and Big Dinner After Community Singing

"To preserve holyday, holiday, peace in the air. They fly high, nearly reach the sky. This, like my dream, they fade and die. Fortune always holds, we're looked upon, how to be."

"To preserve holyday, holiday, peace in the air. They fly high, nearly reach the sky. This, like my dream, they fade and die. Fortune always holds, we're looked upon, how to be."

The community singing program of Nov. 11, 1919, pastor of the Methodist church, introduced Rev. W. E. Inchbester, head of the returned soldiers and sailors, who gave an appropriate address which was most inspiring. Mr. Inchbester spoke with much fervor and conviction. He said that the purpose of the day was to bring to the attention of the community the needs of the returned soldiers and sailors, and to encourage the community to help them in their struggles.

Special Note to all the Bean Growers

In order to add strength to the lima and baby lima bean market and to stabilize the same, the directors of the California Lima Beans Growers' Association have requested that the bean shippers have a membership on the association. The association was organized in 1918 and has since that time, and as an incentive for those outside the association to place their beans in this season's pool, the directors have agreed to treat the new members on the same basis as the old members. It is the policy of the association to have a membership on the association.

The library establishment to be held will be on Thursday, November 20, at 7:30 o'clock P. M. The program will be most interesting and well attended. The program will be most interesting and well attended. The program will be most interesting and well attended.

THE ONE URGENT NEED

Cooperation is a key word... It has a much larger meaning... It means the combined efforts of individuals...

One thing is sure

It is that we shall be thankful for... We shall be thankful for the opportunity to have our own... We shall be thankful for the opportunity to have our own...

And things say that "God made the world as it did and reared the servant"

but he does not have a sense for the world... All the leaves in the surrounding country seem to be having a healthy growth...

Now people are pleased by poverty

than they were before... It is the poverty of the spirit... It is the poverty of the spirit...

AN EDITOR'S DREAM

How dear is our heart to the youth who pays in advance at the start of the year... Who lays down his money and asks to have our money and asks to have our money...

In getting more papers than his own

he says "How I like to get my own... How I like to get my own... How I like to get my own..."

How I like to get my own

papers... How I like to get my own papers... How I like to get my own papers...

PUBLIC ANNOUNCEMENT!

We wish to announce to the public that we have taken over the distribution of **Moreland Trucks** for the entire San Fernando Valley and are prepared to make immediate delivery on any model. The **Moreland** is strictly a California made truck, designed and built to meet California climate and road conditions.

The new home of the **MORELAND** being erected in Burbank will make it especially convenient for users to get parts or factory adjustments. **MORELAND TRUCKS** are built in four models, viz: 1-1.2, 2-1.2, 4 and 5 ton, with bodies especially built to meet the requirements of all motor truck users.

The **MORELAND MOTOR TRUCK COMPANY** started its manufacturing career eight years ago, fully determined to design and build a truck that would successfully operate under all the varied conditions to be found in California. Since that time it has pioneered many of the present-day essentials to proper truck construction and operation. No other truck equals the **MORELAND** for Western use, because Western needs were thoroughly understood before any designs were completed.

We are glad to announce that these trucks will be on display at our show-rooms in **Glendale, Burbank and San Fernando**, and that we are ready at all times to make practical demonstrations.

COMPANY LOOKING FOR BIG BUSINESS

Packer and White, Glendale Dealers, for the Moreland Trucks

Packer & White of Glendale have thoroughly organized to do big things; they are going out after big business and are confident of getting it since they have been manufacturers of the Moreland truck for the entire San Fernando valley. All members of the staff are happy and confident over the situation because "Moreland" is a name to associate with. It has been pronounced the best military truck in existence.

The Moreland Motor Truck Company has been the first to make for commercial purposes the powerful Liberty Class II truck. During the war many of its Model 150 trucks, which

had been manufactured for commercial purposes in the west, were purchased by the government and given a good account of themselves both on this side of the water and in France. It therefore has no misgivings about its present product or any equipment in recommending it to the limit to patrons. Knowing all this, Packer and White and their associates feel very cheerful over the prospects for business in the splendid field they have secured. They have a truck everybody knows because his headquarters are at our gateway in Los Angeles, and his big factory is now going up almost on the boundary between Glendale and Burbank. These things show serious interest, and the performance of the truck does the rest.

As a result in the twin of salesmanship; never are they separated; every business and profession use them both in some form.
