**KEEP UP THE VALLEY SPIRIT.**  
There is a continuity of vigorous action, wise and intelligent speech that is inspiring and encouraging to the people of the valley who come down from a big family background. One cannot at first glance that it is good feeling and friendship manifested in every one who is interpreted as "keeping up the valley spirit."

Nothing charms the world in large measure as the charm within it. It is so with the valley spirit. In this direction, we must first place our own hearts in mental health and then we will be a "hinderer." Your looks and actions give you away. You don't like hiding your head. "Be a trifle haughty," if you continue to do so. If there is to be any leadership to overcome, let us do it mutually and we should associate with those who live joy, and divide our strength with the weaker.

Some of the "knives" of one careless tongue will tear down more constructive work of every individual than a dozen "staplesters" can construct. When the distance is so great, we must stand up to be proved what we say and then we say it.  
There is just one way for curing one's "cancerous" attitude. It is to be beyond conversion, and that is to get him out of the town and forever break him. This plan is in the soil where he grew the kind seed of a "knogger" in so doing there will be a tenfold harvest yielding in the store purchased of one's idea of traits of possibilities.

This item that you looked for but failed to appear in The Gazette this week was perhaps your fault; for you did not find it in the newspaper man. We regret it as well as you, but it is always harder when one cannot find what is wanted. "Put it in," items may be dropped into the letter box at the postoffice without cost, when the office is closed.  
We always read and appreciate them.

The true source of genuine happiness is accomplishing something worth while.—Van Amburg.

The more some men talk the more trouble they pile up themselves.  
The thing to be done is more important than the method of doing it.

If you lack initiative and enterprise, you are minus a great plus.

### SIX YEARS AGO TODAY

(Items Republished from The Gazette.)  
The chairman, proprietor of the Chatsworth hotel, has recently purchased a new home in the city.  
Miss Edith Hays and Ralph Gordon were in attendance at the promenade at Hollywood last Friday night and report a fine time.  
Mrs. J. H. Hays, wife of the late J. H. Hays, died at her home in the city, dressed as a Spanish dancer.

Earl Hays, 13 years old, received a letter from his mother in the city. Mr. Hays, for honors won in the letter contest, sent \$100 to the Chatsworth Hotel Company. There were 210 subscribers.

### WHY

#### War on Predatory Animals Must Be Kept Up

Some of the mountain in the Southwest still harbor stock-raising pests. It is a matter of some importance to the people of the valley who come down from a big family background. One cannot at first glance that it is good feeling and friendship manifested in every one who is interpreted as "keeping up the valley spirit."

# PUBLIC ANNOUNCEMENT!

We wish to announce to the public that we have taken over the distribution of **Moreland Trucks** for the entire **San Fernando Valley** and are prepared to make immediate delivery on any model. The **Moreland** is strictly a California made truck, designed and built to meet California climate and road conditions.

The new home of the **MORELAND** being erected in Burbank will make it especially convenient for users to get parts or factory adjustments. **MORELAND TRUCKS** are built in four models, viz 1-2, 2-1-2, 4 and 5 ton, with bodies especially built to meet the requirements of all motor truck users.

The **MORELAND MOTOR TRUCK COMPANY** started its manufacturing career eight years ago, fully determined to design and build a truck that would successfully operate under all the varied conditions to be found in California. Since that time it has pioneered many of the present-day essentials to proper truck construction and operation. No other truck equals the **MORELAND** for Western use, because Western needs were thoroughly understood before any designs were completed.

We are glad to announce that these trucks will be on display at our show-rooms in **Glendale, Burbank and San Fernando**, and that we are ready at all times to make practical demonstrations.

**THRIFT**  
 By Dr. Frank Cassin.

Thrift is simply the application of intelligence to expenditures.

It does not mean only saving. It does not connote skimping and penny-pinching, and miserliness. It is that the most foolish kind of waste, waste of health, of spirit and of the joy of life.

Thrift means intelligent spending. To spend a dollar now may save two dollars hereafter.

Thrift implies a budget. If you have one plan, it makes little difference how much you make. What is the use of arguing about when you don't have your destination?

Save your money-making might along with Mr. Decker. We don't know where we're going, but we're on our way.

Thrift implies foresight. It means we use our tomorrow as well as today. By special permission.

**SMALL PACKERS OPPOSE LICENSE**

Chairman sent packers in drawing reductions such as tonnage of all packers doing interstate business brought attention to the fact that the proposed legislation embodied in the Keegan and Knickerback bills if enacted would have a tendency to drive hundreds of small packing firms out of the field of interstate operations. This would be the preference forced upon them as against operating under a license system which would be a non-taxed manner of interference.
