The Van Nuys News last week
fourished in an elaborate Christmas
number consisting of 24 pages, including
a most attractive color cover.
Editor W. H. Kemp is to be congratulated
upon the great amount of valuable
information which appears in glowing
praise for the past year's development.
The supply of this wide-awake
information will be exhausted, for it
is well nigh impossible to the reader
where it may go.

Another "burry" paper will have
its usual month end week on account
of next New Year's Day and the
Gazette, therefore, asks that all items
desired to be published in the
Christmas week—Monday
afternoon. After the new year will be
back again by the normal routine.

With the much of the building
program in the United States faces a
housing shortage equal to the need of
4,000,000 people.

A little longer, and we can forget
political and industrial troubles in the
engaging task of figuring out how
to solve the housing problem.

We wonder how the tourists enjoy
the holiday weather. Some difference
between a summer temperature and
zero blazes.

It takes only one-tenth of a drop of
oil to keep the machinery of the
machine in the good running order of a
year.

Willpower is indicated not only by
the ability to base on what is also by
your ability to let go.

What some men are wont to call a
clean smell is often the result of a
dirty transaction.

The only thing which can cheat
some people out of the last word is a
don't.

As he got discouraged, it is often
the last key in the bunch that opens
the lock.

Remember the kettle—though up to
its neck in hot water it continues to
boil.

If you are bound to say mean things
to your neighbor, do it in the
open.

Go often to the house of thy friend,
for words cheer up the unwept path.

ONE-FOURTH WORLD'S WOMEN IN CHINA

Seventy Per Cent. Employs in Shanghai Cotton Mills Women and Children Working Twelve Hour Shifts.

One-fourth of the women in the
United States are employed in the
textile industry. They are going into industry
in large numbers to work long hours
for little money.

In Shanghai, for instance, seventy
per cent. of the women in the
cotton mills are women and children.
Working hours are from six to eight
in the morning until six to eight in
the evening, with one or two hours
in the afternoon until six to eight in
the evening. Women work from six to
eight in the morning until six to eight
in the evening, with one or two hours
in the afternoon until six to eight in
the evening.

Y. W. C. A. STUDENTS TEACHING IN CHINA

Physical Training School Maintained in Shanghai.

The vast majority of Chinese can
remember their mothers as crippled
blind or ailing women, a mother
who has not had her own feet
before, she walks in a most ungraceful
fashion—scarcely conscious of her
natural feet.

The Chinese Medical Association—
an Association composed only of Chi-
nese physicians—recently graduated from
America and English institutions—
have asked the Y. W. C. A. of the
city of the country to cooperate in
China for the children of China.

All the Mission Boards operating
in China felt that one of the greatest
contributions the Y. W. C. A. could
make to the health of China would be to
establish a normal school for the training
of physical educationists.

Accordingly, in Shanghai, which is
the greatest port in China, the national
at all times established such a school in
1914. The school has won favor
with all educational, both missionary
and government. There have already
been nine graduates from this school.

Miss Ying Mei Chen, a graduate of
the Wesleyan School of Physical Educa-
tion, has been dean of the school.
Graduates of the school have returned
from Canton to Peking, teaching with
compassion and fidelity in native mission
and government schools.

SIX YEARS AGO TODAY

(From Department of Los Angeles)
Miss Anna Sherman, eldest daughter
of Mr. and Mrs. C. J. Sherman, and
Mrs. Fredricka Danks were quietly
married in Los Angeles this past week.

The Los Angeles sanitation com-
mission has approved the annual
proposition with one or two slight
modifications submitted a few days ago
by a committee representing large
groups of the city.

Mr. Arthur Ahlstrom, son of R. A.
Ahlstrom of Chatsworth, and Miss
W. Pauline Ahlstrom, daughter of Mr. and
Mrs. B. Pauline of Owensmouth, were
gathered at the home of the groom's
mother, Mrs. Alfred Ware of Los Angeles.

William McGeech has been given
charge of the warehouse of his firm
at the corner of 12th and Broadway
and some large alterations have been
made to the building.

Kerosene Tractors

No Need to Experiment

HERE is a tried and proven tractor. This Case 9-18 Kerosene Tractor is popular all over the country. It is light but not frail, weighing little more than a few tons of iron.

It pulls ten 14-inch plows anywhere a good team can continuously pull one 12-inch plow. It delivers 33 1/2 more drawbar horsepower than rated.

It has a 4-cylinder Case valve-in-head motor and heavy bearings successfully and economically. Its efficient air strainer prevents dirt and grit entering the cylinders. High grade cooling system includes pump circulation. In dozens of ways this tractor is far in advance. It is the pattern which others try to follow.

In plowing, all vehicles run on the unplowed ground. Its all-steel gears are enclosed and run in oil. Front Roller Coasting throughout.

This powerful little tractor, the most efficient in its class, also drives a Case 20 x 28 Tractor, fully equipped, a Case No. 12 Side Filer, Case 17 x 24 Hay Baler and other machines requiring similar power.

Before you buy any tractor, be sure to investigate this wonderful Case. "Better be safe than sorry."

What might have been a very serious accident happened Lockhart yesterday last week. While picking olives a limb he was standing on broke and he fell. Before he struck the ground a stub of a limb sprang from the ground and struck his neck and held him like a shackle, suspended between heaven and earth. He was unable to call for help as his voice was shut off, but a neighbor one of mind enough to grab a saw and release him from his perilous danger.
