LETTER TO THE EDITOR

Dear Sir: I have noticed in your issue of January 1st, 1920, a notice regarding the sale of Owensmouth and the upper valley, which I do not believe to be true.

I think it hardly necessary to say that the substance or object of these articles have met with public favor, and that the people of this valley are interested in the matter.

What should be done, and who should do it, both of which are questions that should be settled by getting together and discussing the many subjects that would be sure to come up, and it seems to me that the substance or object of these articles would be justified, for enough said, by bringing the people together and determining, if possible, what should be done.

I have been very much interested in the matter, and I have been very much interested in the matter, and I have been very much interested in the matter.

Yours for Owensmouth and the valley.  
L. H. Levy.

F. M. Polander spent several days, including Christmas, with his parents, in Los Angeles.

Our Christmas joy was clouded with sadness by the message of the death of our old and esteemed neighbor, James H. Robinson, who passed away at the home of his son, W. M. Robinson, of Silver, Cal.

Mr. and Mrs. Gehardt and two children, of Chicago, came out to Cornell, Friday, and went into camp at the big tree. They were joined on Sunday evening by Mr. and Mrs. Robert E. Booked and son, Jack, of Hollywood, who remained till Sunday evening.

Mrs. and Mrs. Elliott Rumble entertained quite a hospitable group over Christmas and the week-end. It was in the nature of a family reunion, being composed of their daughters and their respective families and their sons, George, in Los Angeles.

It is very interesting to note that a "turkey" they served "roast pig" it had been Mrs. Rumble's intention to bring his pigback to the table which, with a branch of holly and an apple in his mouth, but the oven was too small.

The youth and beauty of the place captured Christmas Eve, as the beautifully decorated and enjoyed the following program:

"Joy to the World," by the sextette; Miss McCluskey accompanied; Prayer by the pastor.

Devotions by Misses Helen Gray and Dorothy Johnson; guest by Masters John Fisher and Fay Johnson; recitation by Roy Asay.

Offerings by Misses Gladys Gray, Ann Gray, Viola Olmstead and Mrs. Harold Johnson; Miss McCluskey and wife; recitation, Master Marion Peters.

"I came upon the midnight clear," was rendered by the high school boys; Harold Johnson at the piano.

It was very generally appreciated. Devotions by Annie Graves and Constance Watson; guest, Mrs. Bradstreet, accompanied by Miss McCluskey at the piano.

The next of the evening was the quartet: Helen Gray, Dorothy Johnson, Marion Fisher and Fay Johnson; "Lather's Carols Song." Miss McCluskey at the piano.

It was very generally appreciated. The electric lights were then flashed "off" as a big Christmas bell sounding in the corner of the room and the celebration of the presents was commenced. The gifts were very generously handed around and everyone in the room was thoroughly happy.

Refreshment through lack of advertising costs more to present than it would have cost to have retained permanent, and it is adding the profits on the last week have been very satisfactory.

The preparation of all business is advertised, and printing is the only that carries the message to the man-

**Kerosene Tractors**  
No Need to Experiment  
Here is a tried and proven tractor. This Case 11-K Kerosene Tractor is popular all over the country. It is light but not flimsy, weighing little more than a team of horses.  
It pulls two 14-inch plows, and does more work than ordinary 12-inch plow. A good Case 11-K is more durable horsepower than most.  
It has a 4-cylinder Case valve-in-head motor and burns kerosene successfully and economically. An efficient air cleaner prevents dust and grit entering the cylinders. High grade cooling system includes pump circulation. In dozens of ways this tractor is far in advance. It is the pattern which others try to follow.  
In plowing, all wheels run on the improved ground. All steel parts are enclosed and run in oil. Hyatt Roller Bearings throughout.  
If this is the best tractor, the most efficient in its class, also drive a Case 20-23 Tractor, fully equipped; a Case No. 12 Side Filler, Case 17 or 22 Hay Baler and other machines requiring similar power.  
Before you buy any tractor, be sure to investigate this wonderful Case. "Better be safe than sorry."
