

CITY BUILDING SCENIC ROAD

Rugged Hills in Citrus Uniform

Great Transformation of Barren Slopes Within One Year

The scenic effect produced through the addition of man, who, with it, has coupled money and energy, harks back with vivid recollections to the time when the western slopes of the valley were gray ledges of virgin soil, very barren but picturesque.

A definite change to the modern has resulted. Following westward, where Sherman Way makes the bend toward the south, the city has under construction citrus groves, of which the hills were used to stand a section of a magnificent orange district, consisting of the 100-acre tract of Clarkson & Zwart, known as the Mettes range, under the personal superintendency of F. P. Clarkson.

Sixty acres of this splendid plateau is already planted to citrus trees, some bearing 4,000, and the remaining 40 acres are rapidly being prepared for 4,000 more. Over a mile of 12-inch concrete pipe has been laid throughout the tract, and city water pressure carries the living fluid to the foot of the hill.

The good treat of the enclosed premises and country. The land has a higher elevation than the city, and it is a bonus that anyone would desire. Truly from the hills, dairy will appear to the mass and make them want more.

No spot of citrus in Southern California is more perfect and more profitable than this. The soil is rich and the water is pure, and the climate is ideal. This condition is widespread, including most of the slopes west of Santa Ana avenue, where over 20,000 citrus trees are growing and flourish like a green bay tree.

Don't Lose a Hustle

Anxious for Cheap Water

To relieve a lot of anxious inquiry about the reduced water irrigation rate going into effect, announcement is made that the order commencing rate reduction will be in effect on Tuesday, the 23rd, and that work will be effective by today. The rate is effective until April 30.

The granting of water supply for irrigation has been a long and arduous task, and it is a bonus that anyone would desire. Truly from the hills, dairy will appear to the mass and make them want more.

Plenty of Business Comes Before the Association

The most important business before the regular meeting of the Upper San Fernando Valley Association, which was held on regular session last Monday evening in the church room of the Synagogue building, was the different committee chairmen, who have to some extent the responsibility of making up the agenda. Several committees were still incomplete, and President Gundrum did not "take orders" in saying that he would not do that every committee be complete at the next regular meeting.

The meeting was called to order by Vice-President Buchheitman, in the absence of the president, but later the meeting was turned over to President Gundrum.

While it was gratifying to note that following over the last few water vote by the city council, there was much sentiment from the people that there is a legitimate case connected with the water problem, it was gratifying to note that the city council had not yet taken any action on the matter.

The meeting was called to order by Vice-President Buchheitman, in the absence of the president, but later the meeting was turned over to President Gundrum.

Catalogue of Accidents

Bert Mann, manager of the B. Dehn market, this morning was killed by a tractor trailer, which nearly ran over the life of the man. He was accompanied by his wife, who later was killed when the tractor was uncontrolled and threw her all violently to the ground. The little boy, seven years old, was killed by the tractor. The tractor was driven by a man who was not licensed to drive.

Several valuable bulletins from the Agricultural Experiment Station have been left off the drug store in charge of Dr. Buchheitman. The bulletins are intended to give the farmer more information on the use of the tractor, and the use of the tractor in the field. Van Nuys, Calif.

LATE LOCALS

A. B. Burgess has improved his boat by painting his hull.

Howard Martindale is to appear on the program for the Angeles Park Monday evening with a solo solo, staves at Symphony Hall.

The regular monthly meeting of the San Fernando Valley Firemen's Association will be held at the high school on Wednesday evening.

Every book has been printed at the postoffice, and the postmaster must make arrangements for more. This indicates quite an increase in population the past few months.

Repairing of Sherman Way by re-constructing in spots is getting on beyond Mackin, gradually coming up to the city and is progressing very fast.

There will be a Government agent at the Owensmouth office on Wednesday, 6 o'clock A. M. to all who desire in making up the 1919 income tax.

A splendid dividend of rain is making up the deficit of the past year, and from all indications the dry season of the Orange River, that has been the growers' affliction, and it is hoped that the rain will be of some benefit to the growers.

The Baxter Brothers' new book on the San Fernando County for 1919.

Orange Show is Most Magnificent

If you fall to attend the National Orange Show at San Bernardino, you will miss a very fine show. The show is the largest of its kind in the world, and it is a most magnificent show. The show is the largest of its kind in the world, and it is a most magnificent show.

ONLY EIGHT DAYS LEFT!

The Contest Closes a Week from Tomorrow Night

The Officials of the Sierra Aircraft Company will be here this week to go over the proposed landing site with Capt. Bogart Rogers who will be the pilot on the trip.

You may be interested to know that Capt. Rogers is a Los Angeles man who enlisted with the British Flying Force prior to the time United States entered the World War, who distinguished himself in actual service at the front during the period of the war and received the distinguished Flying Corp Medal on becoming an Ace. He is a real man and a wonderful pilot.

Remember One vote for each dollar paid on a cash purchase. The contest will close Saturday evening, Feb. 28, the votes will be counted immediately thereafter and the person receiving the largest number of votes will make the trip, or may elect someone to go in their stead.

Now Don't Lose any Time HUSTLE!

The water in the is a surprise. The contest closes in eight days, can work the following night.

Hundreds of Iowa visitors are expected to join the thousands of former residents of northern California in their annual picnic regular tomorrow, Monday, February 27, in Elmore Park, Los Angeles. The Iowans have staged a re-revelation, with every feature of preceding picnic omitted.

As usual, the community sing on next Wednesday evening will attract much interest, and draw a large crowd. There will be several special musical selections by local talent. Among the featured soloists will be the soprano and the soprano leader, Mrs. Ann O'Rourke, who will have a choir of 150 school children and the same will be given away under the same conditions after arriving.

Congressman Randall has sent his annual stock order from Washington, and the same are now at this manufacturer's office in Los Angeles. It is reported that it is required to be present yourself at the office to receive the goods. Flower seeds will arrive later, and the same will be given away under the same conditions after arriving.

Many building projects have been halted as a direct result of shortage in nails. W. H. Hyden, of the Hyden Hardware Company, says that the situation is already critical. He is expected to touch with the wholesalers, and as soon as a consignment arrives, he is to cut a shipment, but is unable to say how large or how soon.

The Junior class in the Sunday school, in charge of Mrs. George W. West, will hold a food sale next Saturday afternoon, 6:30 to 8:30, in the church room. Delicious home-cooked lunches will be served. The proceeds and otherwise, will be in aid of the church. You are asked to patronize the little table and help a worthy cause for the benefit of the church.

Church of Christ will announce the formal opening of the new building across the street from the old one tomorrow evening, the 21st, from eight to twelve. There will be speaking, singing, refreshments and inspection of the building and of many departments. This event will also be in celebration of the sixth anniversary of the founding of the town of Van Nuys.

Alfred Poulos, who is an expert fruit tree pruner, has been here the past two weeks. He has sent orchards of Arroyo Vista and George W. West. There are 27 acres in the former and 15 in the latter. Mr. Poulos is a student of the Martin system of Antelope Valley, and it brings him in demand with the leading orchards. Write letter call, 2 weeks old, 10. Hualapai, M. M. Ulmer, Los Angeles, Cal.

George Shanley, local manager of the Hammond Lumber Company, has demonstrated uniquely what real customer service means to the promotion, and his effort could be imitated with profit, by any institution or home yard. Together with the improvement on the company's grounds, Mr. Clayton, an employee, has arranged beautiful paths across the office and set out a variety of flowers and shrubbery that will soon add increased attractiveness to the place.

Arthur J. Connelly, general contractor, the past week has shown most completely, surely that the building of a new house is preparation for seeing the future. He is now in the midst of the contract for turning over to the owner, a new house, and is settling every effort to have no delays. The contract is now being completed, the leveling process will be completed, and the work will be completed as soon as possible. Mr. Connelly is located at 104 Sherman Way.

PERSONAL MENTION

Harry M. Lake was out next Wednesday calling on friends. He is now located in Los Angeles.

Mrs. Charlotte Vermette, of Toledo, Ohio, has arrived for the winter and is the guest of her sister, Mrs. Olla Gosh-wick.

Mrs. A. T. Galloway, librarian, has a beautiful mountain home west of Los Angeles, and last week was in the city, and will report especially remarkable in her community with Mother Nature.

Mr. and Mrs. R. E. Ungle, of Portland, Ore., and their family, were in the city, and will report especially remarkable in their community with Mother Nature.

Mr. and Mrs. R. E. Ungle, of Portland, Ore., and their family, were in the city, and will report especially remarkable in their community with Mother Nature.

Ford

THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T Motor, the dependable V-type six cylinder chassis, and the mungarize bronze worm-drive. A strongly built truck that serves satisfactory loads in service. If these statements were not true, there would be no demand for Ford Trucks wouldn't be so consistently on the increase. They will be planned to take your order for one or more Ford Trucks, will see that you get reasonably prompt delivery, and will give you an after service that honors the constant service of the Truck. But don't wait to lose it. Get your order in promptly.
