Mrs. Seaman's reading described more particularly the village and the people, the travelers and their willingness to endure hardships in the journey to Oberammergau, because they counted that experience the crowning event of their lives.

Entitled to Butter on Their Bread?

Figure it for yourself. If your total income were \$3.00 a day-- if you paid, rent, clothed yourself (and others, perhaps), paid insurance, doctor's bills, incidentals and saved a little--could you really afford to butter your bread?

143,000 teachers in the United States, hundreds in this County, answered this question last year. They quit their positions for better paid occupations.
