S. P. DUES FOR RETURN OF TAX MONEY PAID

Can the United States receive money by itself? This is the question raised last yesterday by Walker D. Hines at a meeting held at the Chamber of Commerce through Henry C. Booth of the Southern Pacific legal staff, which under the company's contract with the government, is prosecuting all claims by the director general arising out of federal operations of Southern Pacific property.

Judgment is asked against State Treasurer Richardson for \$100,712.22 at 2% per cent of \$255,000.25, the value of transportation on Southern Pacific lines in California furnished by the director general to other government departments during 1919.

This amount was over objection included by the state board of equalization in "gross receipts" in fixing the taxes the government was obliged to pay on railroad property.

Complaint says that as the services were performed on property in exclusive control of the government, they were performed by itself for itself and that their value could not be called for by the legislature of 1919 was asked by the director general for relief from this tax.

The tax levied for was included in the total tax levied for California, \$100 million paid California by the director general on the Southern Pacific railroad lines in California operated by him in 1919.

BIG WOMAN'S MEETING

Special interest is attached to the 21st annual convention of the California Congress of Mothers and Patriotic League Association in Los Angeles, May 18-21, as there will be during that week a great industrial display and regatta. The call for the convention has just been issued by Dr. Jessie A. Russell of Glendale, president, who states that the coming gathering is of the greatest importance to the organization. This year the three-year term of office expires and the organization will be up of the future.

There will be over 1,000 delegates, but as the reservations are open, an attendance of double that number is expected.

Reduced rates have been granted on all the railroads and American has been given that special concession will be paid to delegates by the hotels.

In addition to the industrial week celebration during the convention of the California Congress of Mothers and Patriotic League Association, there will be many prominent women of the state in Los Angeles attending other conventions, as the state W. C. T. U. and the P. E. O. state convention is scheduled during that time in Los Angeles.

Do what you are paid to do and then some. It's the best some that get your money raised.

HOOVER

Vote for
HOOVER
Tuesday

Democrats, Not Stated, Socialists, Prohibitionists, Progressives,
Voters of all parties and affiliations, ATTENTION!

YOU can vote for HOOVER by demanding a Republican ballot at the primary next Tuesday, May 4. The name of HOOVER delegates appear only on the Republican ballot. YOU are entitled to ask for and receive any ballot that you wish in this presidential preference primary, no matter what party you belong to, or how you may be registered. Ask for a ballot with the HOOVER delegates printed on it—a Republican ballot.

REMEMBER—it rests largely with the voters at the California primaries on May 4 to determine whether HOOVER is to be a candidate for nomination at the Republican convention in June. If California nominates him he will go like wildfire through the nation. They are waiting for us out here to say the word. He gave his supreme effort to this nation and for the world. He is willing to serve us again if we want him. He is not a politician—not a self-seeker. The people will have to demand him through the ballot. Do you want to make HOOVER President?

Don't Let Anyone Fool You, or Talk You Out of Voting for HOOVER

DOLLARS VS Education

The public school teacher has a great responsibility. Briefly, the future of the boys and girls of today, depends upon their school training. DO YOU KNOW that thousands of teachers are leaving school work because they are underpaid? DO YOU KNOW that many others are planning to go into lines of work that pay a living wage unless there is an adjustment of teachers' salaries? Without well paid teachers the school pupil will suffer. Pay the teachers a living wage and the boys and girls of today are better equipped to fight the stern battles of life.

THE PROGRESSIVE FARMER

The increasing use of printed letter-
heads by the farmer has led to a neglect of
his progressiveness and
versatility. Aside from the pure busi-
ness requirements to be derived, the
farmer a certain dignity which is imma-
nently necessary to be able to show it
and the man with whom he deals. A neatly
printed letterhead on stationery bearing
the name of the farm is the progre-
sive farmer's mark. The progressive
farmer makes the farmer as no-longer
concerned with the appearance of his
name in his occupation and who
carries over.

The Gazette makes a specialty of
neatly printed letterheads and enve-
lopes.

What this country needs more than
anything else at the present time is
increased production of steel, power
and an abundant supply of farm labor.

Therefore it will be "bull" cow and
not "bull" cow that best so far as
the United States Department of agri-
culture is concerned.

Ford
THE UNIVERSAL CAR

Out of the more than 1,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasure of driving. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.
