

FAIR AND MARKET

Premium List Now Being Distributed

BIG LINE OF PRIZES Should Bring Out a Fine Display of Products of the Valley.

Watch for the book of premiums of the San Fernando Valley Fair and Market. The mails are carrying the book to the homes that surround the valley this week. The book tells the story of how to win the big prizes at the fair, at Owensmouth, September 15 to 18.

Hifty thousands of dollars in cash will be given in awards for good products of the household and the orchard and farm. Rush your preparations for exhibits. Every home in the valley has something to exhibit.

Our Section to be Represented

It will be a matter of pride and a big help to all to have a good representation of exhibits from homes and ranches in this section. Many of our business houses will be represented with commercial exhibits. The whole valley is backing the enterprise.

LOCAL AND PERSONAL ITEMS

E. H. Hughes, Chiropractor, Van Nuys.
D. C. Mattson of Chatsworth attended the fair meeting Tuesday evening.

Owing to the hot weather, rush to the fair and market, President Chatsworth has decided to close the fair at the Upper San Fernando Valley on Friday, August 13, at 11 o'clock on the first Monday night in October.

Petty thieves entered the water-sprayer of W. Thomson Tuesday night and made off with several cans. The water-sprayer has become a pet of the petty thieves who committed the vandalism of taking open about fifty or sixty machines, for which they should be given the limit of the law if caught.

Mr. J. H. Walters and children spent several days this week in Los Angeles visiting friends and relatives. The water department has become aware of some of the rats who have paid for their services. They did not get as threatening to sue the city water department for the damages to their suffering crops.

Dr. and Mrs. Henderson of Carpinteria were in Owensmouth this week, visiting their daughter and family. The boys had just returned from the Upper San Fernando Valley high school football team, which was victorious.

Did you see the remarkable shooting of the "Shot of Tuesday" yesterday? It course through the heavens as one of the longest and most necessary.

Speaking of size, suit, jobs, just what you like to work summers in the water outfit. Don't sit speak of it.

J. L. Waring and family leave today for Los Angeles to visit the "Ranches Waring will enroll in the university August 12.

Wm. Blenheim is another man who has announced to leave for Los Angeles to look after, among other things, a new business.

Adam Beeman has a strong belief grape vines only seven months there were lost in the last year.

Chas. Caffel has returned from England, his brother suffered with cholera because of an exhibition at the Co. Countess Co. Works. The injured man has left the hospital but is unable to work for a few months.

Boys will rejoice with amusements and sports in a most exciting program. Some very fine prizes are announced in the premium list in the mails. For a full list of the prizes, see the program.

A superb painting of a typical desert scene of a horse and rider will be given the individual making the most points in the contest. This trophy is donated by Hewitt Bros. Duro-Jersey breeders of Van Nuys.

Aerial Stunts

There will be a daily exhibit of modern aerial tactics as performed for modern warfare in air and for air sports. The flying program will be at lower rates than usual will be offered daily. The whole aerial program is being arranged by the courtesy of A. S. Stearns, instructor and hardware dealer of Van Nuys.

American Legion

Thursday is American Legion day. The soldiers boys are alert. They are the winners who can make things more interesting by giving prizes or announcements of an exceedingly interesting nature.

Last Year's Livestock Auction sales

Auction sales of livestock will be a daily feature and while the sale is on the lot of the high school, the livestock auctioneers in the state will be present. The program of the sale is already lined up.

The program of this wonderful fair day, send in the program to the officers of the fair, or see in the program at Owensmouth.

The livestock to be sold will be a fine one, a catalog to be circulated all over the state in about two weeks.

For all information address Fair Committee, 3500 Van Nuys Ave., Van Nuys, Cal.

Race Announcements

Every day and evening of the four

GOING AFTER OIL OWENSMOUTH

Price Oil Company Here and Will Soon

ERECT DERRICK ON C. F. Hale Ranch in Hills Southwest of Town.

That Owensmouth is to be put on the oil maps of Southern California is proven by the fact that Mr. and Mrs. C. F. Hale and Mr. and Mrs. H. A. Jones have arrived and already have started work under the name of the Price/Oil Co. to sink a well on the C. F. Hale ranch in the hills southwest of town.

They have already erected a cottage for the men, and are getting up a bank house for the men, and commencing to lay out the country. They are getting up the city water which to haul in their derrick and supply.

Mr. Price states that they expect to be at work erecting the derrick about ten days, and is the first president that has ever been in the hills southwest of the upper valley section.

CHATSORTH NEWS

A fishing trip was enjoyed one day last week by Mr. and Mrs. C. S. Shadwick, William Shadwick, C. Gray and wife.

A letter received from Mrs. Tom Evans (Miss Goo Hamley) states that her husband, Tom Evans, and two small children. They own a free-roam house in Los Angeles. She is very well.

Mr. and Mrs. Hinton and family of Oklahoma City are in Chatsworth visiting their home Tuesday night. They lived here a while, not long ago, and are very well.

There will be special Epworth League services in Owensmouth Sunday, August 8, at 10 o'clock. The service of San Fernando will conduct a 25-minute song service followed by the League program. Miss Anna Graves of Chatsworth is in charge.

Mr. and Mrs. L. J. Muchmore opened their home Tuesday night to the young people for their practice.

Mr. and Mrs. Frank B. Johnson and Mrs. Johnson and family of Pasadena are in Chatsworth. Mr. Johnson, the farmer's sister-in-law, on Sunday.

TO ASSIGN LAWS

Words on criminal laws, auto speeding and recent legislation on the subject of street railway operation, were the order of discussion at the Men's Sunday Morning club meeting.

Present was instructed to write a motion picture on the subject of "The Law" and to be a part of the club and continue the list of that subject apply here or there.

According to the talk at the meeting, the law officer here claimed he could not arrest here for the negligence of street railway employees or for poisoning on the boulevard, as the city law did not apply, and it was also pointed out that the law officer could not be out and charged to the city, unless he had a warrant, so the club decided to take up the matter in the next week just what the status of the town is.

GREETING FROM THE AIR

While working on the field Friday morning, Frank H. Knoll was much surprised at seeing a large number of good fellows he wanted to see in the air. He was only a few miles from the city and he was in the machine when he saw the fellows.

They were the boys, but instead when they saw the plane, they were in the air. They were the boys, but instead when they saw the plane, they were in the air.

GRANTS AND RAISINS

The San Fernando valley is well adapted to growing current grapes and raisins. The agricultural department of the high school, who states that while for a time it was not considered a profitable crop, the valley is now the specialists of the agricultural department every year to the state of California in produce with the highest quality.

The United States annually imports about 3,000,000 pounds of dried fruit current from Greece. All of which could be grown and dried at right rates.

LOCAL AND PERSONAL ITEMS

Mr. H. Hughes, Chiropractor, Van Nuys.

We don't know whether a landslide is occurring or not, but the fact is that it is occurring. It is occurring in the hills southwest of town.

Having nothing else to do, we Mr. H. Hughes is home from the hospital and is doing stock.

Mrs. Rex Old is visiting with her parents in Santa Monica.

Mr. Gray is on a vacation in Los Angeles and is enjoying the view.

Mr. Gray's wife is in the valley for a short operation.

'GOT SEASON OVER

Drier Distributed a Large Sum of Money and

SAVED MUCH FRUIT. Will Try Out Drying of Tomatoes on Commercial Scale.

About 150 tons of apricots were handled at the Vernon & Redwood drying plant this year taking up the entire supply not wanted by the processors and saving a large sum to this section.

During the season, which was about this year, they distributed about \$10,000 in prizes to growers and processors. The prize money was spent in the general and "White" for such fruit as they purchased. Much fruit was also dried for private purposes.

Next year they will be at the old stand in connection with the apricots of the upper end of the valley.

Will Try Drying Tomatoes

An experiment from the agricultural department has been granted at the University of California at Berkeley, to the effect of drying of tomatoes at the plant, as the object is to improve the quality of the fruit. The fruit will be used as a source of food for the birds. The fruit is largely water, which adds much to the weight. The fruit is not so large as will be returned to the grower.

Experiments have proven that they can be dried in a dry place. The fruit is not so large as will be returned to the grower. The fruit is largely water, which adds much to the weight. The fruit is not so large as will be returned to the grower.

Mr. H. J. Fredericks, who is now at home, is doing a job.

"I hope our old brings results for the benefit of the nation, but we are getting a lot for it. We went up to the mountains and found that the land had been sold to Mr. H. J. Fredericks. The land is now in the hands of the state. The land is now in the hands of the state.

The High Hatching of Van Nuys is the largest in the nation, totaling over 540,000 baby chicks during the season.

McLaughlin, the current poultry manufacturer, has purchased the Hatching Plant. The plant is now in the hands of the current poultry manufacturer.

Anna Huselund of Ocean Park, who was over last week, visited with the family of the current poultry manufacturer.

Mrs. Mary E. Barton of Santa Monica, who spent several days here, returned from her daughter, Mrs. McGowan, who spent several days here, returned from her daughter, Mrs. McGowan.

S. W. Fuller says that the vacant lots in the town would easily produce the vegetables and fruit needed for consumption here, if the owners would take such an arrangement would also add to the beauty of the landscape as it would dot the town of these patches of nature scenes now growing on the vacant lots.

Mr. H. J. Fredericks is inquiring on getting a Hatching Plant. The plant is now in the hands of the current poultry manufacturer.

As the Editor Sees and Hears It

VALUE OF PUBLICITY

Some of those who are holding
their own that \$25 which they had
gladly advance and plank down for a
1914, at Owensmouth, California, under
the Act of Congress, March 3, 1879.

Publicity for a community has a
tendency when properly used, to
help either directly or indirectly
every individual in the community
and the publicity of the fair and mar-
ket is already at work with noticeable
results, as witness the activity in re-
create and the number of area prop-
erty owners, as well as all which is
adding to the value of this commu-
nity.

The directors are not asking for
the sale of 125 shares, and it does
not mean that the entire value of
the valley should rest right up with
being urged and put \$25 on the
table to work.

Buy a share, then prepare a nice
dinner of your property and enter
some of your stock in the auction sale
and you will be able to get the best
belonging to put the fair over will also
be put to your credit. The get
together and boost spirit is worth the
price alone, so you can't lose.

TENDENCY TOWARD NORMAL

The fact that what is on the do
the court would indicate that there has
started a tendency toward normal
times, which if it does not go to ex-
tremes, should prove beneficial all
around.

Of course, as usual, the producer
will be hit first, but the whole world
seems to be built upon the plan that
the most needed man must stand the
brunt of all things.

However, once the market has set-
tled to the economy of supply and
demand, everyone will feel and ac-
cept, as an inflated condition always
produces a nervous strain that is det-
rimental to normal advancement.

NORMAL TAXATION BEST

According to statistics, it is the
government 43 per cent to collect the
taxation, which is an amount never
runned back in place upon the peo-
ple. Taxation that only produces 43
cents worth of real value and 55 cents
of which goes entirely to pay the
job holders, is the kind of taxation
that breeds socialists, anarchists and
boilevaks.

The luxury tax is another abomin-
ation. It permits the merchant and
amusement houses to collect a bonus
on their stock, which simply adds to
the high cost of living which is already
so high. While the tax is but per-
cent, in most cases from fifteen to
thirty per cent a collector. A fifteen
cent soda or theater ticket usually
costs the people anywhere from one
cent which means one-third cent clear val-
ue.

We do not blame the merchants on
the theory that they are the only in-
strument for framing a tax that can
possibly be paid and which is so
which is so costly to collect.

ON NEWSPAPER POLICY

The editor of a small town paper
sometimes wishes that he were editor
of his city daily. He would like to cov-
er all the news. His readers
like, because he doesn't know what
they call "live" paper, meaning
material that he decides to put up the
harrowing details of divorce cases, or
illegitimate children, or sensational
stories of folk and business of var-
ious sorts. Not all of his readers
like, to be sure, but enough of them
do to make him wonder if he really
has any business in the newspaper
game. But once in a while some-
thing happens that compensates
him for all the criticisms the scandal-
izing reader brings upon him. Sev-
eral times during our newspaper ca-
reer, things have happened that would
make column editors of other papers
"live" stuff, but we failed to print it
for one purpose. A few days after
one of our signs on grassing and using
the normal details, some good news
with tears in his eyes or father and
mother, and the month of June, 1914,
some assistance in a nervous strain
into our newspaper and our business
of their paper for our lives as a com-
munity. There might be some news
moment more to us than all the credit
we might have received. It is the
of the paper with the public's story.

for Supervisor
on August 31, 1935.

RE-ELECT HIM at the Primary

Joseph S. Dodge announces his
intention for reelection as super-
visor of the Fifth district. Mr. Dodge
uses his claims for reelection upon
a record as a public official.
At the present time the county of
Los Angeles owns property valued at
over one million dollars and is owed
on the banks of the county an ap-
proved security more than eight mil-
lion dollars. In addition the county
owns a large amount of real estate
in liberty bonds and treasury cer-
tificates.

On entering office January 8, 1937,
Mr. Dodge found the general fund of
the county overdrawn \$2,521,978.65.
The balance of the general fund
March 31, 1935, was \$2,444,297.74,
a deficit of about five million dol-
lars.

He has Made Good

So we think that we will just go on
the ground he did and that is as has
been in the past—a paper which hopes
to be of right and character and
good things of life.

TO GUARD PASSES

For the purpose of making it more
easy to apprehend auto thieves and
for the protection of the other police
department and the law officers of the
county, the sheriff has ordered that
all passes, according to Sheriff L. A.
Burr, should be greatly reduced and
be auto traffic in and out of the Los
Angeles section. It is believed that
will be placed in charge, with Tele-
phone control, and general. It is
by criminal makes a start in an auto
or other motor vehicle. It is believed
the, gates closed, and each car
checked before it enters. It is
is believed that had this been done in
the past, many of the auto thieves and
other criminals would have been
apprehended. All of these measures
required at present. As the passes
of the Los Angeles state are being
issued. Such stations would also be
closed in case of accidents, forest
fires, etc.

MOUNTAIN SANITATION

The mountainous sections of San
Bernardino, Los Angeles and River-
side counties have been covered by
the California State Board of Health
sanitary inspectors during the month
of June. All of these territories have
been carefully inspected during pre-
vious years, and general recom-
mendations that were made at that
time have received attention. In some
few places the sanitary conditions
were not so satisfactory and inspec-
tors have been taken to correct
unsatisfactory conditions that have
developed.

EXAMINATION OF WATER SAMPLES

During June 80 samples were taken
from Owensmouth, California, and
supplies were made by the bureau of
the California State Board of Health
by taking every precaution in pro-
cessing the samples. The water sam-
ples were taken from various points
and large number of samples submitted
for examination. The results of the
examinations are taking in this impor-
tant matter.

TEACHERS FORM LEAGUE

Reorganizing for the purpose of showing their loyalty to the public schools and advancing all progressive school legislation, members of the Central Salary Committee of the Teachers' Organizations of Los Angeles City and County yesterday announced that hereafter their organization will be known as the Teachers' League, and that they will continue their activity as an independent, non-partisan body.

The Teachers' League includes all classes of teachers and principals in both city and county with the exception of the High School Teachers' Association of Los Angeles, which has been interested solely in the matter of salary readjustments. The program of the Teachers' League does not contemplate any activity in direct relation to salaries and generally includes the following:

The officers of the Teachers' League are: Frank X. Conley, chairman; Wilhelmina Van de Goerberg, president; Florence E. Martin, recording secretary; and Vernelle Keyser, treasurer.

Among the first activities of the league will be a survey of the attendance record of the Los Angeles county. In this work the said secretary, Miss Van de Goerberg, who is in the California member of the executive committee of the National Education Association, will be employed during the summer. It is her purpose to make personal work on all candidates whose names will appear on the primary ballot and secure from them a definite opinion as to the advisability of the support of the public school. This will be done by means of a bulletin to be issued by the league and generally distributed throughout the state before the election, it being understood that the Teachers' League will go to measure rather than men.

The teachers are particularly active in the support of the initiative measure amending Section 6, Article 9 of the State Constitution, which adds kindergarten to the public school system, requires additional state school funds, and the creation of a state high school fund from the state revenue to provide technical schools and provides other remedies for archaic legislation which hitherto has hindered the activities of the schools. This amendment will provide a reasonable sum of money for support of the schools of the state and will compel the state to bear its fair share of the cost of operating the public schools.

SCHOOLS SUSPENDED

On account of lack of attendance, the Central school district and San Marinos school district have been suspended by the board of directors and the children who reside in the district will be compelled to attend school the coming year in adjoining districts. Both school districts are in the Fifth district, represented by Supervisor Decker.

COMMISSIONER DODGE MADE GOOD RECORD

Jonathan S. Dodge, formerly assistant secretary of the state board of the Fifth district, and points to his service of three and one-half years in that position as proof of his fitness. Not only has Mr. Dodge been selected as chairman of the board, a very responsible position, but he has been selected also by the state organization of supervisors to act as secretary of the association to look after its interests.

Mr. Dodge won a statewide reputation in his fight for state highway, and secured a signal victory in securing the Los Angeles county more than a million dollars in extra state highway bonds, fighting one of the most stubborn contests known in California history.

Of the whole state Mr. Dodge was selected as a member of the permanent committee that provided the program for the four million dollar bond issue for state highways.

THE COMMON TOWEL

The common towel now applies to barber shops as well as to hotels, restaurants, and homes. The barber uses a towel upon more than one person without sterilizing it properly, he violates the law, and health officers should take active steps to secure enforcement of this public health measure. Reports of the secretary of the State Board of Health indicate that in some communities the towel is being properly enforced. This is particularly true of the more advanced communities. The state board of health will issue a circular placed upon any common towel that may be found hanging in a barber shop. Health officers, however, should not depend upon this. They should make routine inspections and prosecute violators if necessary.

LEARN TO COOK THE BEST HOME BREAKS

One quart of baby lima beans and cook until tender, but not so soft that they will fall apart. Drain, one quart portion of salt pork per quart of beans, one teaspoon salt, add one-half teaspoon mustard, one tablespoon onion, one-half teaspoon molasses, and one tablespoon salt. Cook in a covered pan for one hour, one-half hour, leaving them uncovered for the last 15 minutes.

BEAN LOAF

Two cups cooked beans, one cup cooked rice, one cup bread crumbs, one egg, one tablespoon fat, one-half teaspoon salt, one teaspoon onion, one teaspoon molasses, one-half teaspoon mustard, one-half teaspoon salt. Mix all together, form into a loaf and bake until done. Or crispens may be formed into a loaf, bread crumbs and browned in the oven. Drain thoroughly, and mix with a liquid containing a tablespoon of fat to a cup of hot water.

Resolutions of all kinds, memoranda, cards of thanks and all political articles are not new matter in any sense and are subject to a rate of one cent per word. Count your words and accompany manuscript with check or money order for the amount.
