STANDARD OIL COMPANY, California

! CALIFORNIANS !

Again we face the menace of the single tax. Again are half back theorists attempting to tamper with the finances of this state. And again, as we have five times before, must we go to bat to protect our property and business interests.

Vote "NO" on Amendment No. 20 (SINGLE TAX)

This election we have a chance to do more than just defeat the single tax. We can defeat consistent agitation of the subject. Let's put an end to faddists tampering with taxation once for all.

Vote "YES" on Amendment No. 4

This amendment is placed on the ballot with the sole purpose of preventing faddists from tampering with the assessment and collection of taxes every two years.

It does not affect the initiative, except in reference to taxes. It does not affect initiative measures that have to do with proposed bond issues that are put up by the initiative.

It is a guide for the purpose of preventing California from being made the dumping ground for all the freak laws which have failed elsewhere.

F. IR PLAY

ALL FAP-SEEING Californians concur that the influx of Orient' laborers should be prevented. But this can be done only by the Federal Government, not by any state action.

As we honest American Japanese who can't

There is an initiative in the Japanese career traditions of fair play

This law proposes cultural land of California American soil the

It is a natural right of the parent

This bill provides for the Japanese children should be family and properly

This law, for itself them into competition

These proposals of our Constitution, which declares that no state shall "deny to any person within its jurisdiction the equal protection of the laws."

The people of Arizona adopted by initiative a law discriminatory against various aliens, which the United States Supreme Court voided as unconstitutional, saying in its decision: "Equal protection of the law as applicable to all persons, without regard to any difference of race, color, or nationality. Discrimination against the pretense of promoting the health, safety or morals and welfare, denies the very essence of personal freedom and opportunity it was the purpose of the constitution to secure."

This anti-Japanese initiative discrimination between aliens in the right to lease land, and between minor children of aliens in the ownership of land, and is plainly unconstitutional.

The law will embarrass our federal government in whose hands lies the final solution of the question; the State Department is now endeavoring to revise our agreement with Japan for the purpose of excluding Japanese immigration more effectively.

What California wants is not a policy of legal persecution directed against Japanese who are already here, but a constructive immigration policy calculated to safeguard the State against further influx of Oriental labor. The proposed initiative law offers no such solution. It simply complicates the situation and will make the adjustment of the real issue all the more difficult.

Not only does this law invite us to commit an act of injustice and to violate our constitution, but it insults an honorable nation—a nation which, when San Francisco was on fire, sent a gift of \$50,000 in gold; a nation which has repeatedly manifested respect and friendship for our country.

Japan was the first to participate in our great international exposition in San Francisco at a cost of almost a million dollars. During the war the Japanese in our midst contributed two million dollars to our war funds, and, at the instance of our Government, rendered invaluable assistance in the production of food materials needed to feed our armies.

Vote NO on Initiative No. 1 on Nov. 2.

SENATOR HARDING

Marion, Ohio, October 5, '20

J. L. Matthews, Republican State Committee, Los Angeles

McCormack has sent us your telegram. I have no hesitation in saying that the keen growing interests of California, including the laborers therein, and indeed all horticultural undertakings needing protection, have no assurance of relief except by casting their votes for Republican Representatives for Congress.

HARRISON G. HARDING

SENATOR JOHNSTON

The big issue in this campaign, only second in importance to the success of our Presidential candidate, is the election of the United States Senator. In the forefront of the fight, valiantly battling for Americanism from the inception of the contest, has stood the Republican nominee for United States Senator, Samuel M. Shortridge. Mr. Shortridge possesses an ability second to none; he has the wisdom of statesmanship. When it was neither profitable nor popular, with rare courage he fought the good fight upon this campaign's dominant issue, and endeared himself to those, who in the recent months of stroke, have ever had first in mind our Republic. In fact, outstanding fight he won his nomination. He is entitled to the support of all Republicans, as he has earned the gratitude of all Americans. Our success this year will be incomplete unless we send to the Senate Samuel M. Shortridge.

GOVERNOR STEPHENS

The Republican Party believes in a protective tariff policy. The Democratic Party does not. Consequently, it is the duty of California to give its full share in changing the National administration from a low tariff, no tariff administration to a protective tariff administration.

And that we may get all the good possible out of such change we must send to the Senate of the United States another Republican Senator in the person of Samuel M. Shortridge, who is well qualified to advocate the interests of California at Washington, and also most to increase our republican membership in the House of representatives from six to nine.

If you are going to vote for HARDING and COOLIDGE it is not fair to them to vote for a Democratic Senator or Congressman who will antagonize the great Republican legislation of reconstruction necessary during the next four years.

Election Next Tuesday
