ULOSIS IN CHICKENS

Our carload purchases ables during the pair acty days and not to over 2000, 2000 purche, or 3 straight rainboads. This is cutisfe purchases received and unleaded at our wardbeaus, and does not include any local purchases. We do not need to draw as gristin' "deorption" of 3 trainboars of groverise-you can readily o onceive of this volume in your own developed brain.

The Rock Bottom Stores, I am provad to say, do not use any subterfuge. and only a reasonable amount of adverting space, to sell merchandiso. They sell on quality, quantity and price alone. They never load up their customers or encourace beavy burgs at a time when the market shows signs of weakering.

In handing the statement to the press, Thelen said that he could not give his figures out for publication until they had been submitted to the legislature but that he was ready to appear before that hofy at any time and discuss the data with it.

The effort of the corporations is all for projectoment, but the antestopticity of the strength of the strength opticity of the strength of the strength opticity of the strength of the strength of the passed and strend steffer March Tills of it will not be effective until the opperprised on strength, that after the 7th of next using, that after the 7th of next using, that the strength of the extension of the therefore that there will be a deficit of \$17,001.005 for the two years must which the extension is a deficit of \$17,001.005 for the two years must which the extension is a deficit of \$17,001.005 for the two years must

> Corporations Anxious to Postpon Action.

Dorm has proposed and upper split well, show the appropriate split well, show the appropriate split well, show the appropriate split approximation of the split split split approximation of the split split split split split split split of Morek, in fact there is stall of the split s

paint out that even if Theles be correct in his eccontrical data, that does not necessarily imply that all his suggestions will be carried out, in fact the suggestions in his statiment that statice are to be reduced, and new positions abeliated means many long fights before they could be carried out if they can be, which is very doubtful.

f. The governor has plans for a ren duction of a million and a haif and it there is very strong doubt that even where as pass that reform. Every all office helder in the state is aiready phase in the state is aiready phase is and the state is aiready a lobby set even if Ma particular job the is not in danger, because he may be a tatachet formorrow, and it is a case at all us office holders, standing to even be.

But aside from the , sade in the expenses of the syhe administration forces take fround first that the King tax Mil a monsure of equalization, set of axation, and that if eventually the gravings can be and are made as suggested that has solving to do with the questions: Are the corpution the the guestions: Are the corpu-

public spanned public spanned a. A compromise has been suggeted by the copyrations proposing that d. hay will arree to waive their legal a rights, to contex the tar task bill if gr. it be passed after March 7th, if the y legislature will agree to wait before of passing it until the possibility of n reddering the bodget has been de-

a of passing it until the possibility of the reducing the budget has been determined. But the administration is taken the ground that the legislasame turk has no right to agree to any set ring which is unconstitutional, and that if it should it would be illegal.

When we pass room the various arguments on both sides of the strength of the two cappening factions we are completely at each they really have, and to names will be grain bare, and to names will have that the moment a name is guildaked an changing that the unfortunate over of that same will be bankarded with letters, telments of the factors, telters.

Be for the only voie of impertance has been one opposing doiny, and the opposing doing and the opposing which dowed very like the opposing which dowed very like the opposing the opposing opposing the opposing data opposing the opposing the opposing which and voted originally for the Man opposing the opposing the opposing that easy can be first down out, there are used in the opposing the opposing that vote and even if he does not. there are used in easy the the opposing that vote and write in the opposing the opposin

BIIILDER

Uncertainty in the Assembly is Still Considerable.

Just in the assembly there is the time uncertainty is before. The intermediate the second second second and that he true, it is least to see where the administration will get a second second second second second anno. Heas the governor is very condeter that he has the stry-form rease he ready that and second second the second second second second second to regardling of the present hold-up to regardling of the present hold-up to regardling of the present hold-up to regardling at the second second second to a second second to a second second

As a constitutional amonfment gales a two-chird voice of both houses the administration may not be able to have the legislature gass such a sensitivitional amonfment, but if the proposition defeats the amonfment, bere will be an appeal to the propie by an initiative and that will be one of the gauges of the suit gubernatic

That Campaign in the Note. As the situation shapes itself at As severing then the King Mil with handbuck the assembly and unless it does pass by March Th, there will be a direct tax of 21 cents imposed on all the property in the rate in addition to the taxes which the public are paying now. Assembliant Committee is Faverable

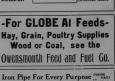

to R. R. Commission. As initiated is this correspondence is at week, the report of the sommittee investigation the sufficient constraints of the second second second ray of the commission. The staticals on the commission second to have been the result either of innonnece, or of charges growing out of the fast that the persons making them were deviated in their applica-
