ONCE IN A LIFETIME

You MIGHT Have an Opportunity like This

The decision of this company to discontinue the manufacture of our Union "Sure-Grip" Tractor, presents a new opportunity to those persons who require equipment of this character. It means an opportunity of a lifetime.

**AN OPPORTUNITY TO SECURE A TRACTOR
at a Saving of Almost \$2000.00.**

The Union "Sure-Grip" Tractor has proved in actual service to be one of the highest grade machines of this kind ever built. The highest type of engineering ability, workmanship and materials have produced in the "Sure-Grip" a tractor that is equal to all requirements, unequalled in efficiency, operating economy and reliability.

There are many Union "Sure-Grip" Tractors operating now throughout Southern California. Many of them have been in service for a number of years, giving exceptional service with little, if any, expense for upkeep and repairs. They are adapted to all character of work on agricultural lands, orchards, oil and mining properties where equipment of this kind is required.

We have only a very few of these tractors left and these are to be sacrificed at a tremendous reduction in price. This is an opportunity of a lifetime for the man who ever expects to own a high grade tractor.

The most precious thing in the world

Think what this world would be without confidence that the sun would rise tomorrow!

Without confidence in the order of things, in our fellow men, in our institutions, these would reign in the world. There would be no security, no progress, no happiness. Confidence is essential to all that is worth while.

Years of satisfactory experience with Red Crown gasoline have given the motoring public confidence in "Red Crown." They know that with "Red Crown" in the tank they have high-quality motor fuel, and that from it their engine will deliver its maximum power and mileage.

"Red Crown" is available at Standard Oil Service Stations, garages, and at other dealers. Look for the Red Crown sign before you fill.

Eighty Money-Saving Stores in Southern California.

The policy of the Rock Bottom Stores of selling groceries on close margins, depending upon volume sales and quick turnover for their profit, has won us the confidence of the thrifty, value-demanding and intelligent buying public of So. California in the eighty communities in which we are now operating, and has enabled us to become the largest and fastest growing chain store organization in the West.

In fact, our truthful advertising, fair business methods, courteous treatment, in all, and uniformly rock bottom prices have led hundreds of Southern Californians to look upon Rock Bottom as a guide to fair prices and merchandise dealing—a gold standard of grocery values.

We handle nothing but first-class merchandise, and in addition to all the best known and Nationally advertised products, we manufacture and pack many items under our R.B. and Rock Bottom brands. Nothing

but the choicest, fancy canned fruits, vegetables, etc. are packed under the R.B. label. All our standard-grocery footlocks are put under the Rock Bottom Brand, and are fully guaranteed in every respect.

These R.B. and Rock Bottom products are really winning favor among our customers. They come to you direct from the manufacturer or packer, thus eliminating the middleman's profits, and are offered at a considerable saving under other brands of equal quality.
