

# Lorna Doone DAIRY

A company composed of thoroughly experienced dairy men who are devoting their entire time, capital and energy toward maintaining and building up one of the most sanitary, modern, up-to-the-minute dairies here at Owensmouth to be found anywhere. Our property and equipment is carefully inspected every fifteen days by authorized county health inspectors which insures your home of getting a product that is absolutely pure and produced under the most sanitary conditions.

We are looking to the people of Owensmouth to lend their support in every way. In return we will create an institution that will be a credit to your community. Business is sensitive. It only goes where it is invited and stays where it is well treated.

Afternoon Delivery Beginning November 1, 1921.

## "Your Bank"

a BANK OF SAFETY  
**COURTESY CONVENIENCE**  
State Bank of Owensmouth.

A financial institution that you can "bank on"

HOW ARE your brakes? That's a question every car owner should ask himself every time he takes his car out.

Your brakes are all important. Your safety depends upon them. They must be right. Whatever else you neglect, don't NEGLECT your BRAKES.

If your brakes do not give you absolute control, bring your car to us at once, and we will quickly make it safe.

And, while your car is here, we will give it a thorough inspection and make you a report showing its condition.

We are in business to give you full, complete, satisfactory service at a reasonable charge. 1207 W. Endover, in place.

**Do You Realize that a Destructive Fire Occurs**  
 Somewhere in the United States every minute of the day?

Just think of it—1,440 fires a day!

Nearly all of these fires could be prevented. Your **Hardware Store** carries many devices designed to eliminate this danger.

Matches rank high as a cause of fire waste. Do not use matches to explore in the barn, cellar or dark closet. Use a **Flashlight**. We have them to fit all purposes and pocket-books.

Overheating of stoves not large enough for the work they are required to do, contributes heavily to the fire losses. **Stoves are Cheaper** this year. If you need a new one do not run chances.

Perhaps your **STOVE PIPE** needs replacing. Look it over.

Mistaking gasoline for kerosene helps to bring up the fire toll. Keep your **Gasoline** in a Red Can that for that purpose. We have them.

Do not permit inflammable rubbish to accumulate. An inexpensive **Rubbish Burner** will take care of it.

Every fire starts from a small blaze which could be easily controlled if an extinguisher were at hand. We have several types and sizes of **FIRE EXTINGUISHERS**.

Don't overlook those inexpensive precautions, they may mean many dollars to you.

### A continuous stream of power

From the first turn of the motor until the end of the trip, Red Crown gasoline delivers steady, dependable power. Every gallon of "Red Crown" which goes into your tank insures ready starting, smooth and rapid acceleration and more mileage—a continuous stream of power. That explains the popularity of "Red Crown"—why it is the choice of motorists who know what good gasoline should be.

It pays to look for the Red Crown sign before you fill. You will find that sign at Standard Oil Service Stations, garages, and other dealers.

**STANDARD OIL COMPANY**
