

Does Your Money Help Your Community?

You who demand better streets, better sidewalks, better police and fire protection—are you doing your part towards such improvement? Not if you need money out of town—money that would have been just as much buying power at home.

The Best Buying Policy

Every nickel you receive is not a ruble for the people who need it most when it is here. That money goes for the development of another community or town.

Patrons use home merchants whenever possible and you will do more of your town's most duties to your community.
