

Do you Really Make a Worth-While Saving?

Long distance buying is not always as profitable as it may appear. Your express charges, money order and fee, postage and stationery may come to almost as much as you would pay right here in town for the same merchandise.

And the time you spend getting your money order, writing your letter and then waiting for your goods to come express make the "slightness" method of buying the most expensive.

Compare that last lot of goods with the kind you prefer. You could have sold you and save if you saved anything worth while.

Pleasing Workmanship

Of course you want your plumbing installed with careful regard to convenience of arrangement. That is our first thought when we undertake the work.

But it isn't all. We use particular precaution to make the walls of floors of your home. We aim to leave the finished work as neat and tidy as possible.

And we are exceptionally careful to see that all joints and connections are perfectly tight—everything in good working order.

Repairing done promptly and efficiently.
