In a big city there is one day out of every week when the streets are not so busy as we want you to realize. It is on Wednesdays that our country settles their busy days and our present day's business is left to the quietness of the middle west. On Wednesdays we have a goodly amount of business to handle, but our time is not so busy as we would like it to be. We have a goodly amount of business to handle, but our time is not so busy as we would like it to be. We have a goodly amount of business to handle, but our time is not so busy as we would like it to be.

OWENSOUTH : PEN POINTS :

The woman who says she covers every inch of her body with hair cream is probably not so far from the truth. The hair cream is not so much of a cosmetic as it is of a hair conditioner. It is not so much of a cosmetic as it is of a hair conditioner. It is not so much of a cosmetic as it is of a hair conditioner.

PHOTOGRAPHERS PUMMEL POLITICANS

Last Sunday afternoon at the Van Nuys baseball arena, a blood-curdling battle was waged between one of its most brilliant photographers and a member of the political party. Albert A. Hoffman, Contractor and California Insurance Broker, was the victor. He was the victor. He was the victor. He was the victor. He was the victor.

Possibly never before has such a rapid spread over the country been witnessed. The spread over the country has been witnessed. The spread over the country has been witnessed. The spread over the country has been witnessed.

"They Don't Answer"

When the telephone operator says, "They don't answer," it is after a sincere endeavor to get your party. She cannot compel an answer.

The party called may be unwilling to leave a particular household duty—may be in another part of the house beyond closed doors—may be chatting with a neighbor—may be marketing—may be slow in answering. Strangely, but true, calls are sometimes designed unanswered.

Telephone records show that the great majority of "don't answer" reports come from residence calls. In business, where it is a matter of dollars and cents, it is always the assigned duty of someone to be without sound of the telephone bell.

"They don't answer" is the statement of a situation absolutely beyond the control of the telephone operator.
