Reduce Your Production Costs

Farming, like every other business, must take the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly base.

The farmer's problem is not a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.

Let us give you the proof. Write, phone or call today.

A Laundry Convenience

A stationary wash tub, with hot and cold running water right at your elbow, takes the drudgery out of washing. No carrying of water. Simply turn a faucet and the water is there—just as you need it.

And no struggling with cumbersome tubs. Merely plug a plug and your tub empties itself.

Whether your washing is large or small, this system will lighten your work. Let us figure on the installation for you.

We also do prompt, neat and efficient repair work.

BARGAIN DAY IS REAL FESTIVAL FOR THIS MONTH

Bargain Day is with us again. These events have become a regular thing all over the country at the present time. Sometimes the promotion takes the form of "Dollar Day" when all merchants offer unusual dollar values for the one day's selling.

These merchandising events are not merely an expression of the business man's desire to get his goods sold. They are also the happy result. A great volume of good will is built up through the special selling day and the attention is necessarily directed to the interests of the public and it is the result of the success of the bargain in the various towns directly first up to the spirit of the occasion. What many stores the store owner actually loses in money is a more important thing than the profit he makes. This is especially true in the case of the store owner who is engaged in the business of merchandising.

Owensmouth Bargain Days are no longer an experimental, unprofitable thing. They are a regular feature of the program which always includes in them as well as the chance to save actual cash.

Who's should study the Bargain Day advertising in this issue and register for a list of everything offered. It will pay to try more even than this year. It will pay because of the **Real** and **Big** prizes.

A FULL MILK PAIL is a regular thing when we feed regularly. The cow that gets our food is a regular part of our life and we usually respond to good treatment with more and richer milk. The milk is rich longer too, almost right up to the time of "milking."

Try it on your own and you'll never forget. It makes you own drinking less for less instead of profit.
