Capital City Has
Worthily Honored
The Nation's Great

It is the great number of federal
agencies and departments which
are located in the city of Wash-
ington, D. C., that has made it
the most important city in the
country. It is the fact that
the city is the seat of the
national government, and that
it is the center of the nation's
political, financial, and
cultural life, that has made it
the most important city in the
country.

Washington was founded by
George Washington, and it
has since that time been the
capital of the United States.
It is the city where the
President of the United States
resides, and where the
Congress meets. It is the
city where the Supreme Court
sits, and where the
Department of State is
located. It is the city where
the most important events
of the nation's history have
taken place.

THE FLAG AND ITS LESSON
Memorial Day Teaches More Than
Gratitude and Patriotism
—That We Did for It.

Patriotic days are not held
for the sake of the flag. They
are held for the sake of the
lesson that the flag teaches.
The lesson is that we are
a people who have made
our own way in the world.
We have made our own
history, and we have made
our own destiny. We have
made our own name in the
world, and we have made
our own place in the sun.
We have made our own
contribution to the world,
and we have made our own
mark on the page of history.

DAY OF NATIONAL SYMPATHY
Significance of Memorial Day in That
Banner at Bunker Hill

There is a great lesson to be
learned from the story of
Bunker Hill. It is the lesson
that we are a people who
are not to be conquered.
We are a people who are
not to be divided. We are
a people who are not to be
defeated. We are a people
who are not to be
subdued. We are a people
who are not to be
conquered.

MEMORIAL DAY
is a day when we remember
the brave men and women
who gave their lives for
our country. It is a day
when we think of the
sacrifices that have been
made for our freedom.

It is a day when we
remember the men and
women who fought for
our country. It is a day
when we think of the
bravery and courage that
they showed. It is a day
when we think of the
sacrifices that they made.

CALIFORNIA NEWS BRIEFS

Vehicle building totals for the season ended above the million-dollar mark. From January 1, \$1,013,194.65 in permits has been issued.

It is estimated that by the end of the present year, no credit in the licensed registration, 1,000,000 cars will be spread within the state.

L. McIlwain, age 44, of San Francisco, was drowned in the Trinity river near Big Bear April 26. His body was recovered four miles above the stream and the funeral was held at Westerville.

Mrs. Frances G. Hudson of Lakeland, age 50, member of a party in thirty wagons commonly considered to have been the first, who expressed

An increase during April of the number of the national vaccination certificates by the state was reported by the state board of education and at 21,682, an increase over 17,735 in April, 1922. Public health officials showed the largest gain, with 123 permits issued during April. A decrease of 142 permits was recorded in the case of the kindergarten state hospitals.

In order to study conditions of the state's atmosphere during the total eclipse on September 15, special instruments with important improvements over the type of spectrophotographs

now in use are being constructed at the H. Wilson observatory about 100 miles from San Francisco. A number of assistants from the H. Wilson solar observatory will make observations and photographs from a point near San Diego.

The ruling board of the Press and Journal Oversee association voted a three-day contract of \$26,000 for the election of a new board of directors of the
