get copy of resolution from their group
2 supporting SSMP - copy to us & one to Chair
in Sacramento Newsletter for May 1971 Box 62 Robert
Chateaux, Calif may '71

Dear Friends,

Our next meeting will be Monday, May 24
at 7:45 pm in the Hospitality Room of the Glendale
Federal Savings & Loan, 21821 Devonshire (corner of Vassar)
in Chateaux.

As those of you know who have been attending
recent SSMPA meetings are well aware - we have
been rapidly moving ahead - so much so, the organy
project is becoming a truly "monumental" one for the
number of a small organization to handle. Help
has come from all directions, including such as
Senator Robert J. Targomarsino's recent resolution
(Co-authored by Cusanovich, Harman & Mac Donald) that
SSMP be included in the Santa Monica Mtn
Park Study.

Recent news from Sacramento indicates
Assemblyman Robert C. Cline (Canyoga Park) introduced a
bill to appropriate funds for the ^{State} Dept of Parks &
Recreation to study the feasibility of a S S State Park
(the SSMP area).
The Department of the Interior, in correspondence
with SSMP has shown considerable interest in our
project and requested that they be included in one
of our tours.

Recent discovery of an active fault area
in the Santa Susana mountains between Simi
Valley & Chateaux by a Mr. O. R. Angelillo an Engineer
