### **PUBLIC MEETING FOR SANTA SUSANA PASS STATE HISTORIC PARK GENERAL PLAN**

California State Parks (CSP) would like to invite you to the first public meeting for the Santa Susana Pass State Historic Park. The purpose of this meeting is to inform the public about the status of the research and planning effort. In addition, we want to learn about your concerns and interests about the future of Santa Susana Pass State Historic Park. The General Plan team, comprised of CSP landscape architects, resource ecologists, interpreters, historians, archaeologists and park staff will be present to listen to your opinions about the park's future.

A General Plan is mandated for state parks units by the Public Resources Code. The plan becomes the primary management document for a unit of the State Park System, establishing its purpose and management direction for the future. The plan does not provide specific designs or locations of facilities but does provide a vision for the park and guidelines for future development.

Meeting location:
